## *As Unique as You are*

Quintessence is the eternal meaning of the world. We wanted to find its expression in perfumes - because they are more than just aromas mixed into a blend. The idea of Quintessential was born out of the experience of perfume collecting and retailing of over 25 years. We have always strived to provide the client with a rich product variety and the service that allows to make the best choice based on professional advice. Our love for sculpture and perfumery made us want to combine these two beautiful arts into a single product, always putting the client first. ### Hardly Angels

A magnetic, ultrafeminine scent for women who are conscious of their appeal. Notes of black currant, grapefruit, cassis elegantly blend with jasmine, tuberose and peach, giving way to a final, captivating flair of amber, patchouli, musk and vanilla.

### Beauty and the East

A warm, rich perfume. A luxurious accessory to a confident personality. Feminine notes of rose, plum and raspberry float on a sumptuous wave of black pepper, vanilla and orchid, finished with a fascinating trail of incense, amber and agarwood.

### 9 1/2 Scents

The magic of attraction concentrated in a perfume. Complementing both feminine and masculine traits, it's as enigmatic as revealing, captivating into a world of comfort, pleasure and sensuality. Oud and sandalwood, incense, amber and patchouli are a mystical concoction of seduction.

### Stealing Fruity

Playfully girlish, this fragrance is perfect for sweet, young ladies. Its delicious aromas of passionfruit and apricot are embraced by honeysuckle and orange blossom. A final echo of musk, peach and wood completes the picture of a magic fruit garden.

### The Good, the Bright and the Lovely

Perfectly matching bright, expressive characters. This fragrance complements both men and women, scintillating with energy. First striking with bergamot, pansy, green leaves and cassis, it opens up with black currant, rose and lilac, to finish the mesmerizing effect with cocoa, patchouli, metallic notes and amber.

### Eternal Sunshine of the Spotless Style

Calm, confident elegance needs no further introduction. For a man with a polished look and refined personality. Intriguing with bergamot, Sicilian lemon, black currant and spicy notes, it glows with fruit, jasmine water and patchouli leaf, before a final embrace of sandalwood, cedar, leather and vanilla.

## Forget-me-not

A daring appearance of a shining star. For women who proudly display their uniqueness and style. Deceiving gentleness of bergamot, orange oil, plum and peach gives way to deeply feminine jasmine, iris, peony and orange blossom, leaving a lasting impression with sandalwood, patchouli, oak moss and agarwood.

## Charisma Never Dies

No fake glamour, just true masculinity. Beyond time and seasons, like the charm of its owner. Calm bergamot and lavender are spiced with black pepper, nutmeg and leather and highlighted with precious woods, patchouli, vetiver and musk. The way it has to be. Shaken, not stirred.

## Vanilla Sigh

An immersion into pure vanilla dream. So diverse in its simplicity, so chaste in its complexity. Vanilla notes throughout the perfume create harmony: very straightforward, flowing like a clear stream. It's an unequivocal epitome of spiritual comfort, tenderness, desire. Designed for those who know how to enjoy the moment, it suits both men and women.

## Rainbow Unchained

Meant for confident women who know what they want and don't like restrictions. They love to impress with every appearance. Powerful aromas of bergamot, grapefruit and orange blossom intricately blend with rose, cyclamen, patchouli, and leave a lasting trail of amber, vanilla and musk. Colorful, rich, mellow and overwhelming.

## There's Something About Berry

An explosion of youth, freshness, thrills and infatuation. Red berries and honeysuckle blush, apple flower, coconut and sugar appeal with their sweetness and delicate aromas. A perfume for dreamers, for traveling to exotic places through a fragrance.

## Resistance: Impossible

Self-made, strong man with noble manners. Knows his worth and accepts no compromise. He is restrained in words - not his ambitions. This confidence is highlighted with tangy lemon, bergamot, cardamom and black pepper, becoming even more powerful with juniper, nutmeg, thyme and peony. Framed into a base of gin, oak moss and tonka beans, it's respectful, but irresistible.

## Once Upon a Scent for the Best

The fragrance of a free, charming, energetic man. A spirit with no boundaries, a dreamer. Fresh tangerine zest, orange, cranberry and regal French berry sparkle with eccentricity; cassis and Mediterranean salty water add to the spirit of adventure. Key lime pie, lemon cream, labdanum, cedar wood and vetiver create a flair of mystery, finished with sandalwood and clean powdery notes.

## The Orient Espresso

A deep, sophisticated, sensual, sybaritic person would love this fragrance. It's flamboyant, destined to be the center of attention. A perfume like this has to be savored slowly and enjoyed. Shades of coffee floating in the morning air: espresso bean, cappuccino, coffee blossom. A pleasant murmur of an Oriental market dazzles with mahogany, sandalwood, cedarwood, cardamom and dark chocolate. An eccentric and delicious treat.

## Diamonds Aren't A Girl's Best Friends

A boudoir fragrance, feminine but enigmatic, tickling imagination with its floral notes of Bulgarian rose and iris. Strict and attractive at the same time, it holds its secrets behind oak moss, vetiver, patchouli and cashmere wood, flirting with Bourbon pepper. A true jewel.

## Essence of Arabia

Unbelievable bounty of aromas, gold in a flask. Its owner loves to be distinguished, a natural leader. He is savvy in pleasures and generous to others. A true connoisseur of quality life. No rush, just contemplation. The perfume leaves an inebriating trail of amber, patchouli, sandalwood, vanilla and musk, spiced with warm saffron, cumin, oud and cypriol. A sleek touch of guaiacwood, cedar, amyris and vetiver complete this intricate composition. A unisex fragrance for slow enjoyment.

## For a Few Moments More

Instinctively masculine, this fragrance has a complex composition, able to channel the power of its owner, his genuine, but sophisticated spirit. He loves speed and freedom, his intuition is sharp, he is in constant search of synergy with the world. White iris, pink pepper, citrus notes and ginger wind up the senses, while magnolia, leather, blue iris and amber intertwine with sandalwood, cedar and tonka bean composing a very original aromatic twist: luxurious leather, suede sodden with raindrops and touched with wind.

# Equilibrium I

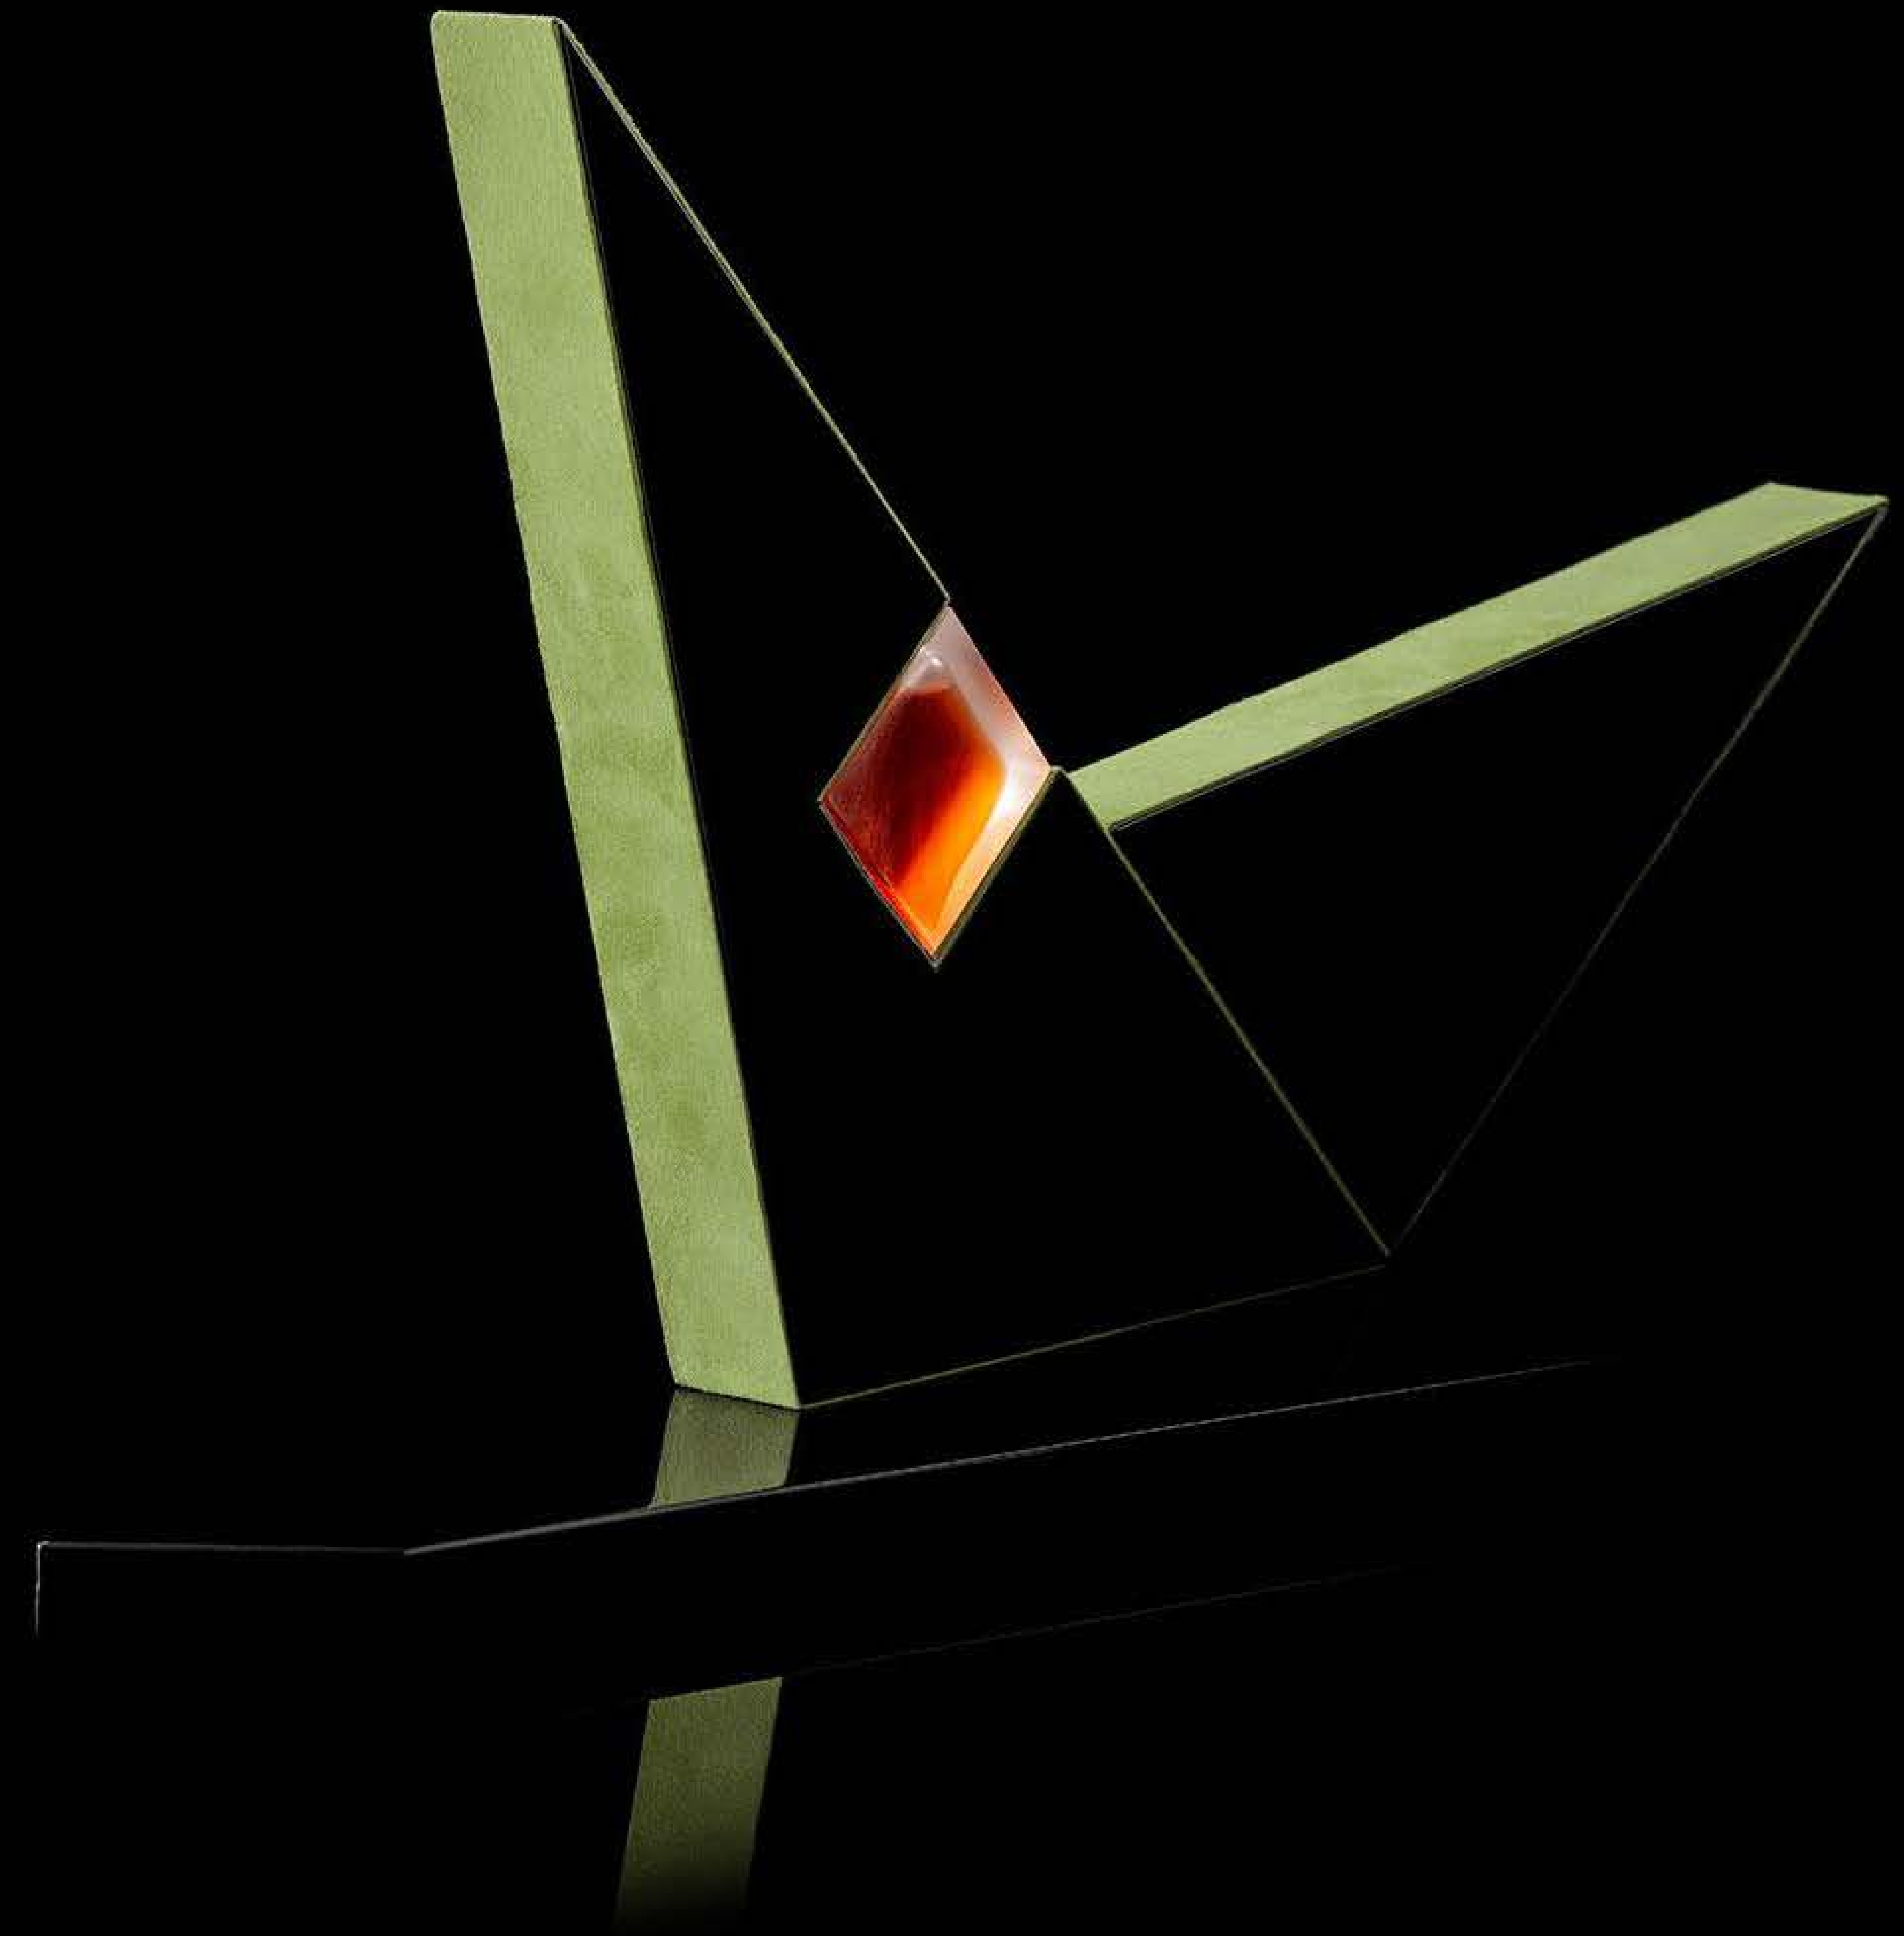

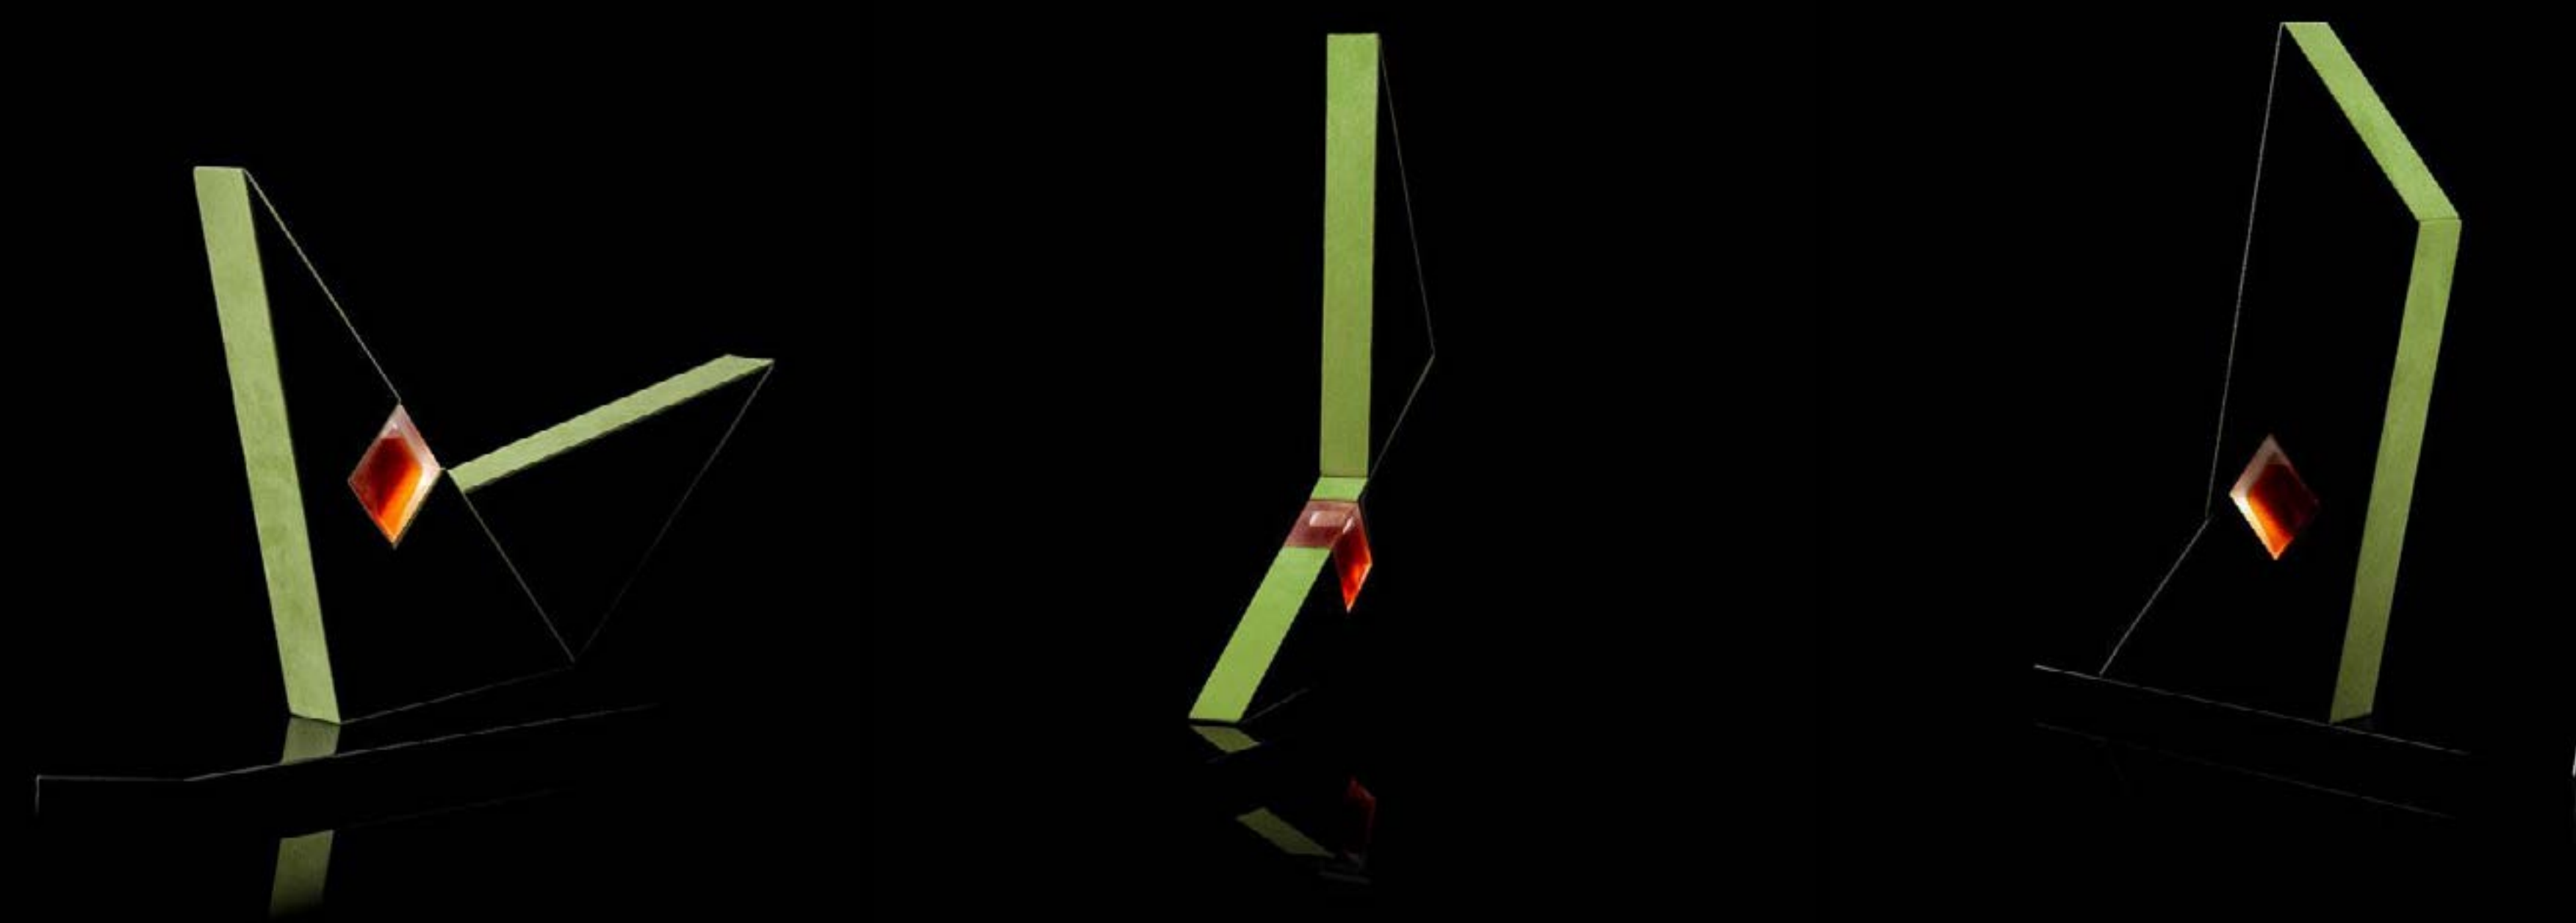

Equilibrium I is a charismatic, statement masculine perfume. Opening up with Oriental notes of incense and labdanum, it then captivates with tart aromas of tobacco, painted into a base of ambergris, coffee, musk, cedar and sandalwood.

# Equilibrium II

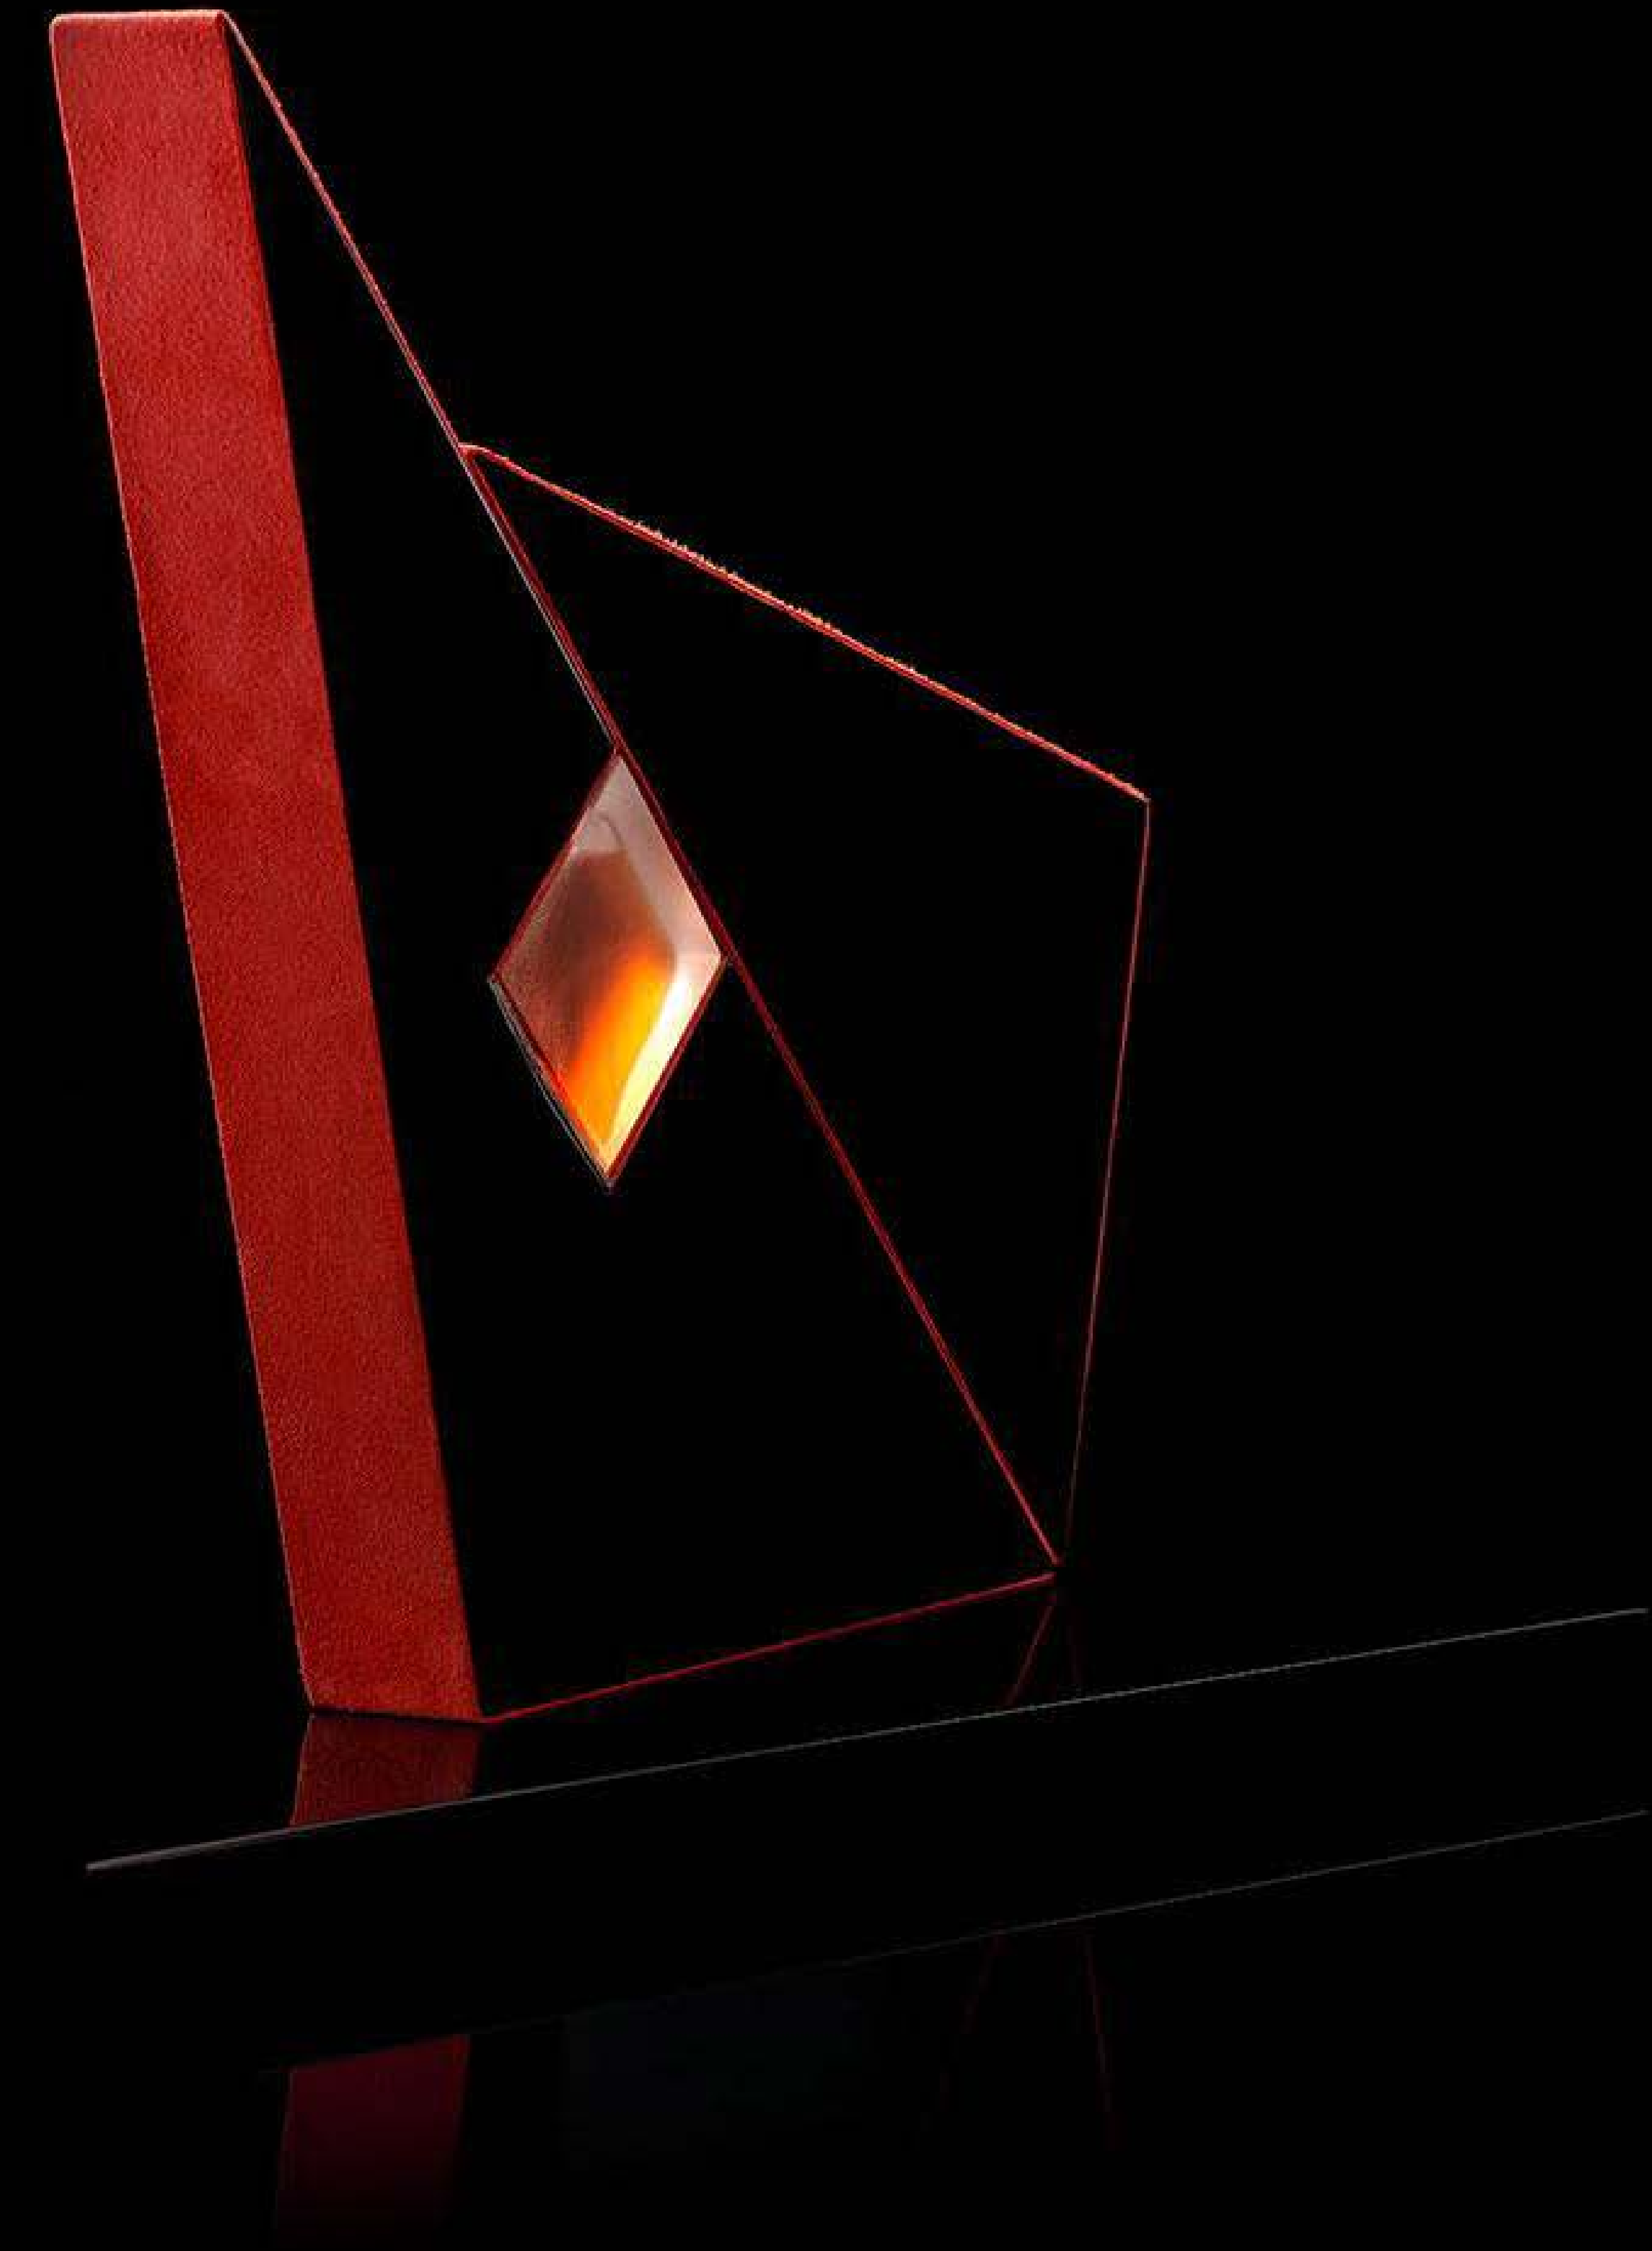

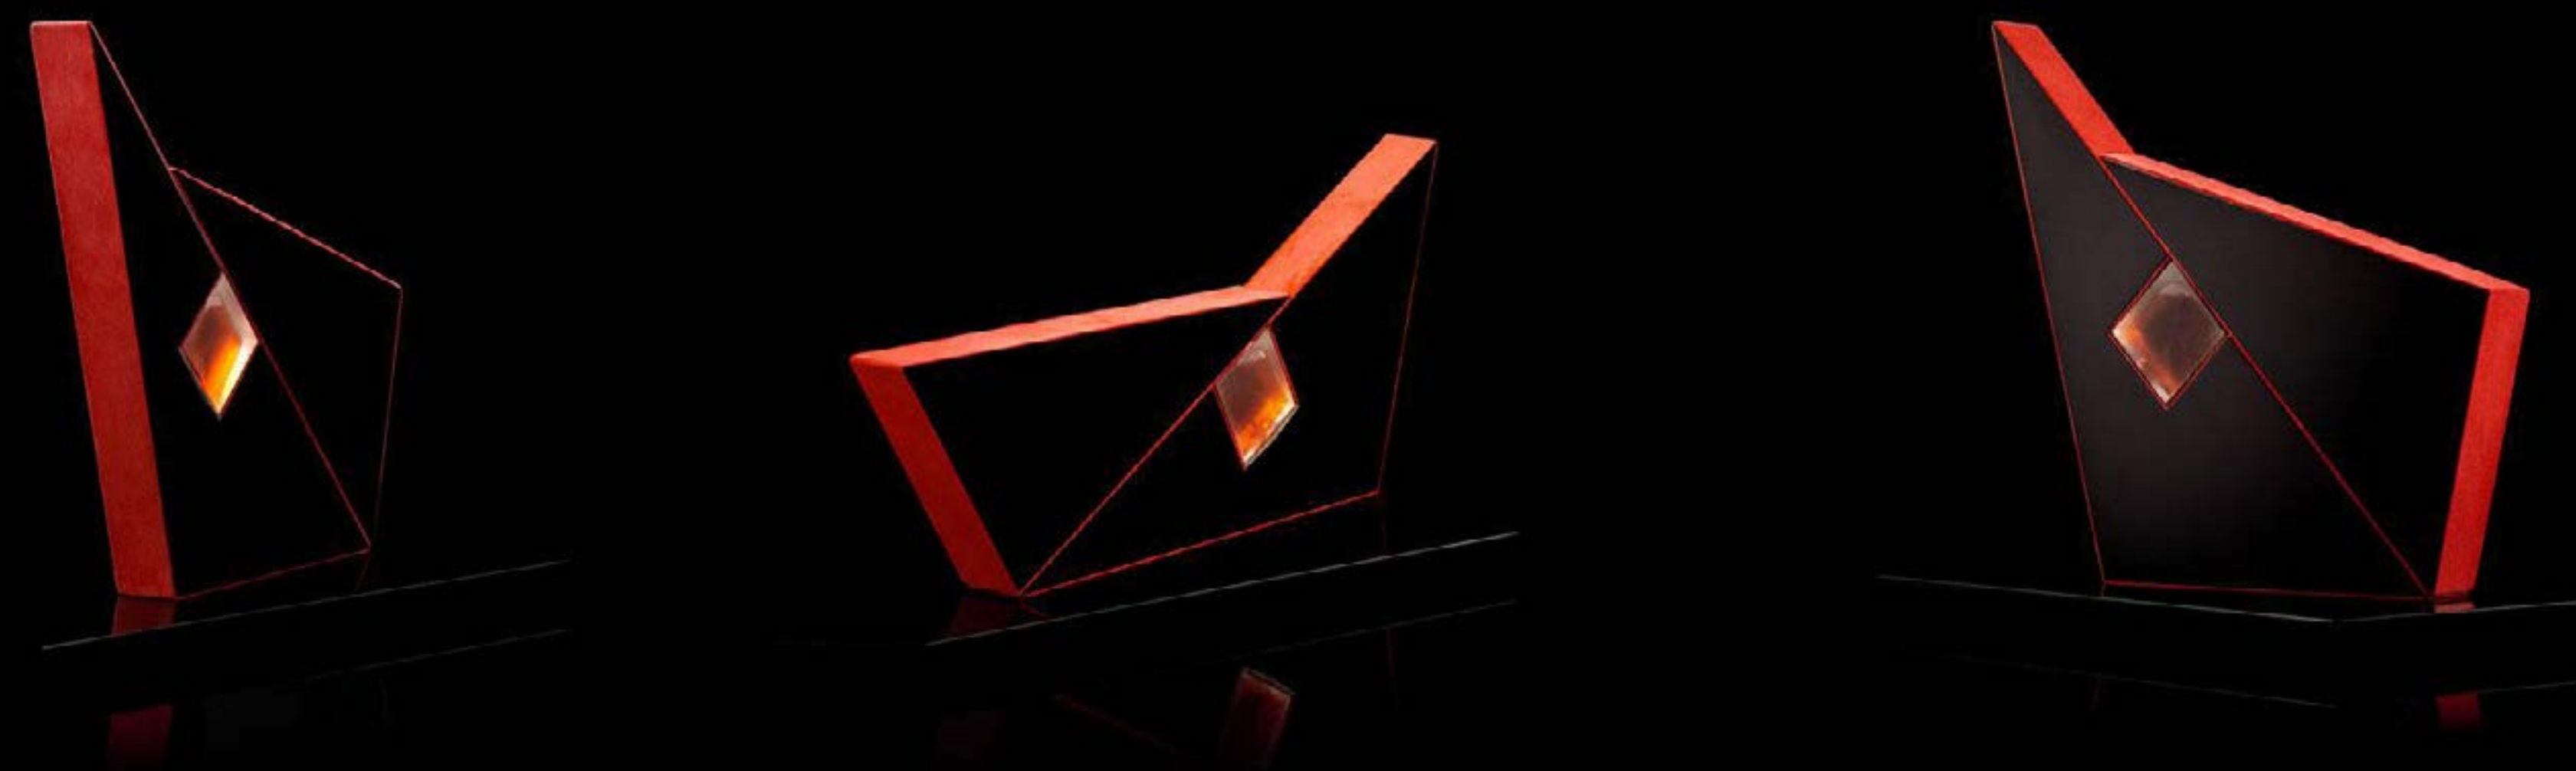

Sensual elegance is the character of Equilibrium II. It reveals playfulness with spices and citrus notes, but its true seductive power explodes with rose, vanilla, amber and patchouli. Passionate and noble, at the same time.

# Equilibrium IV

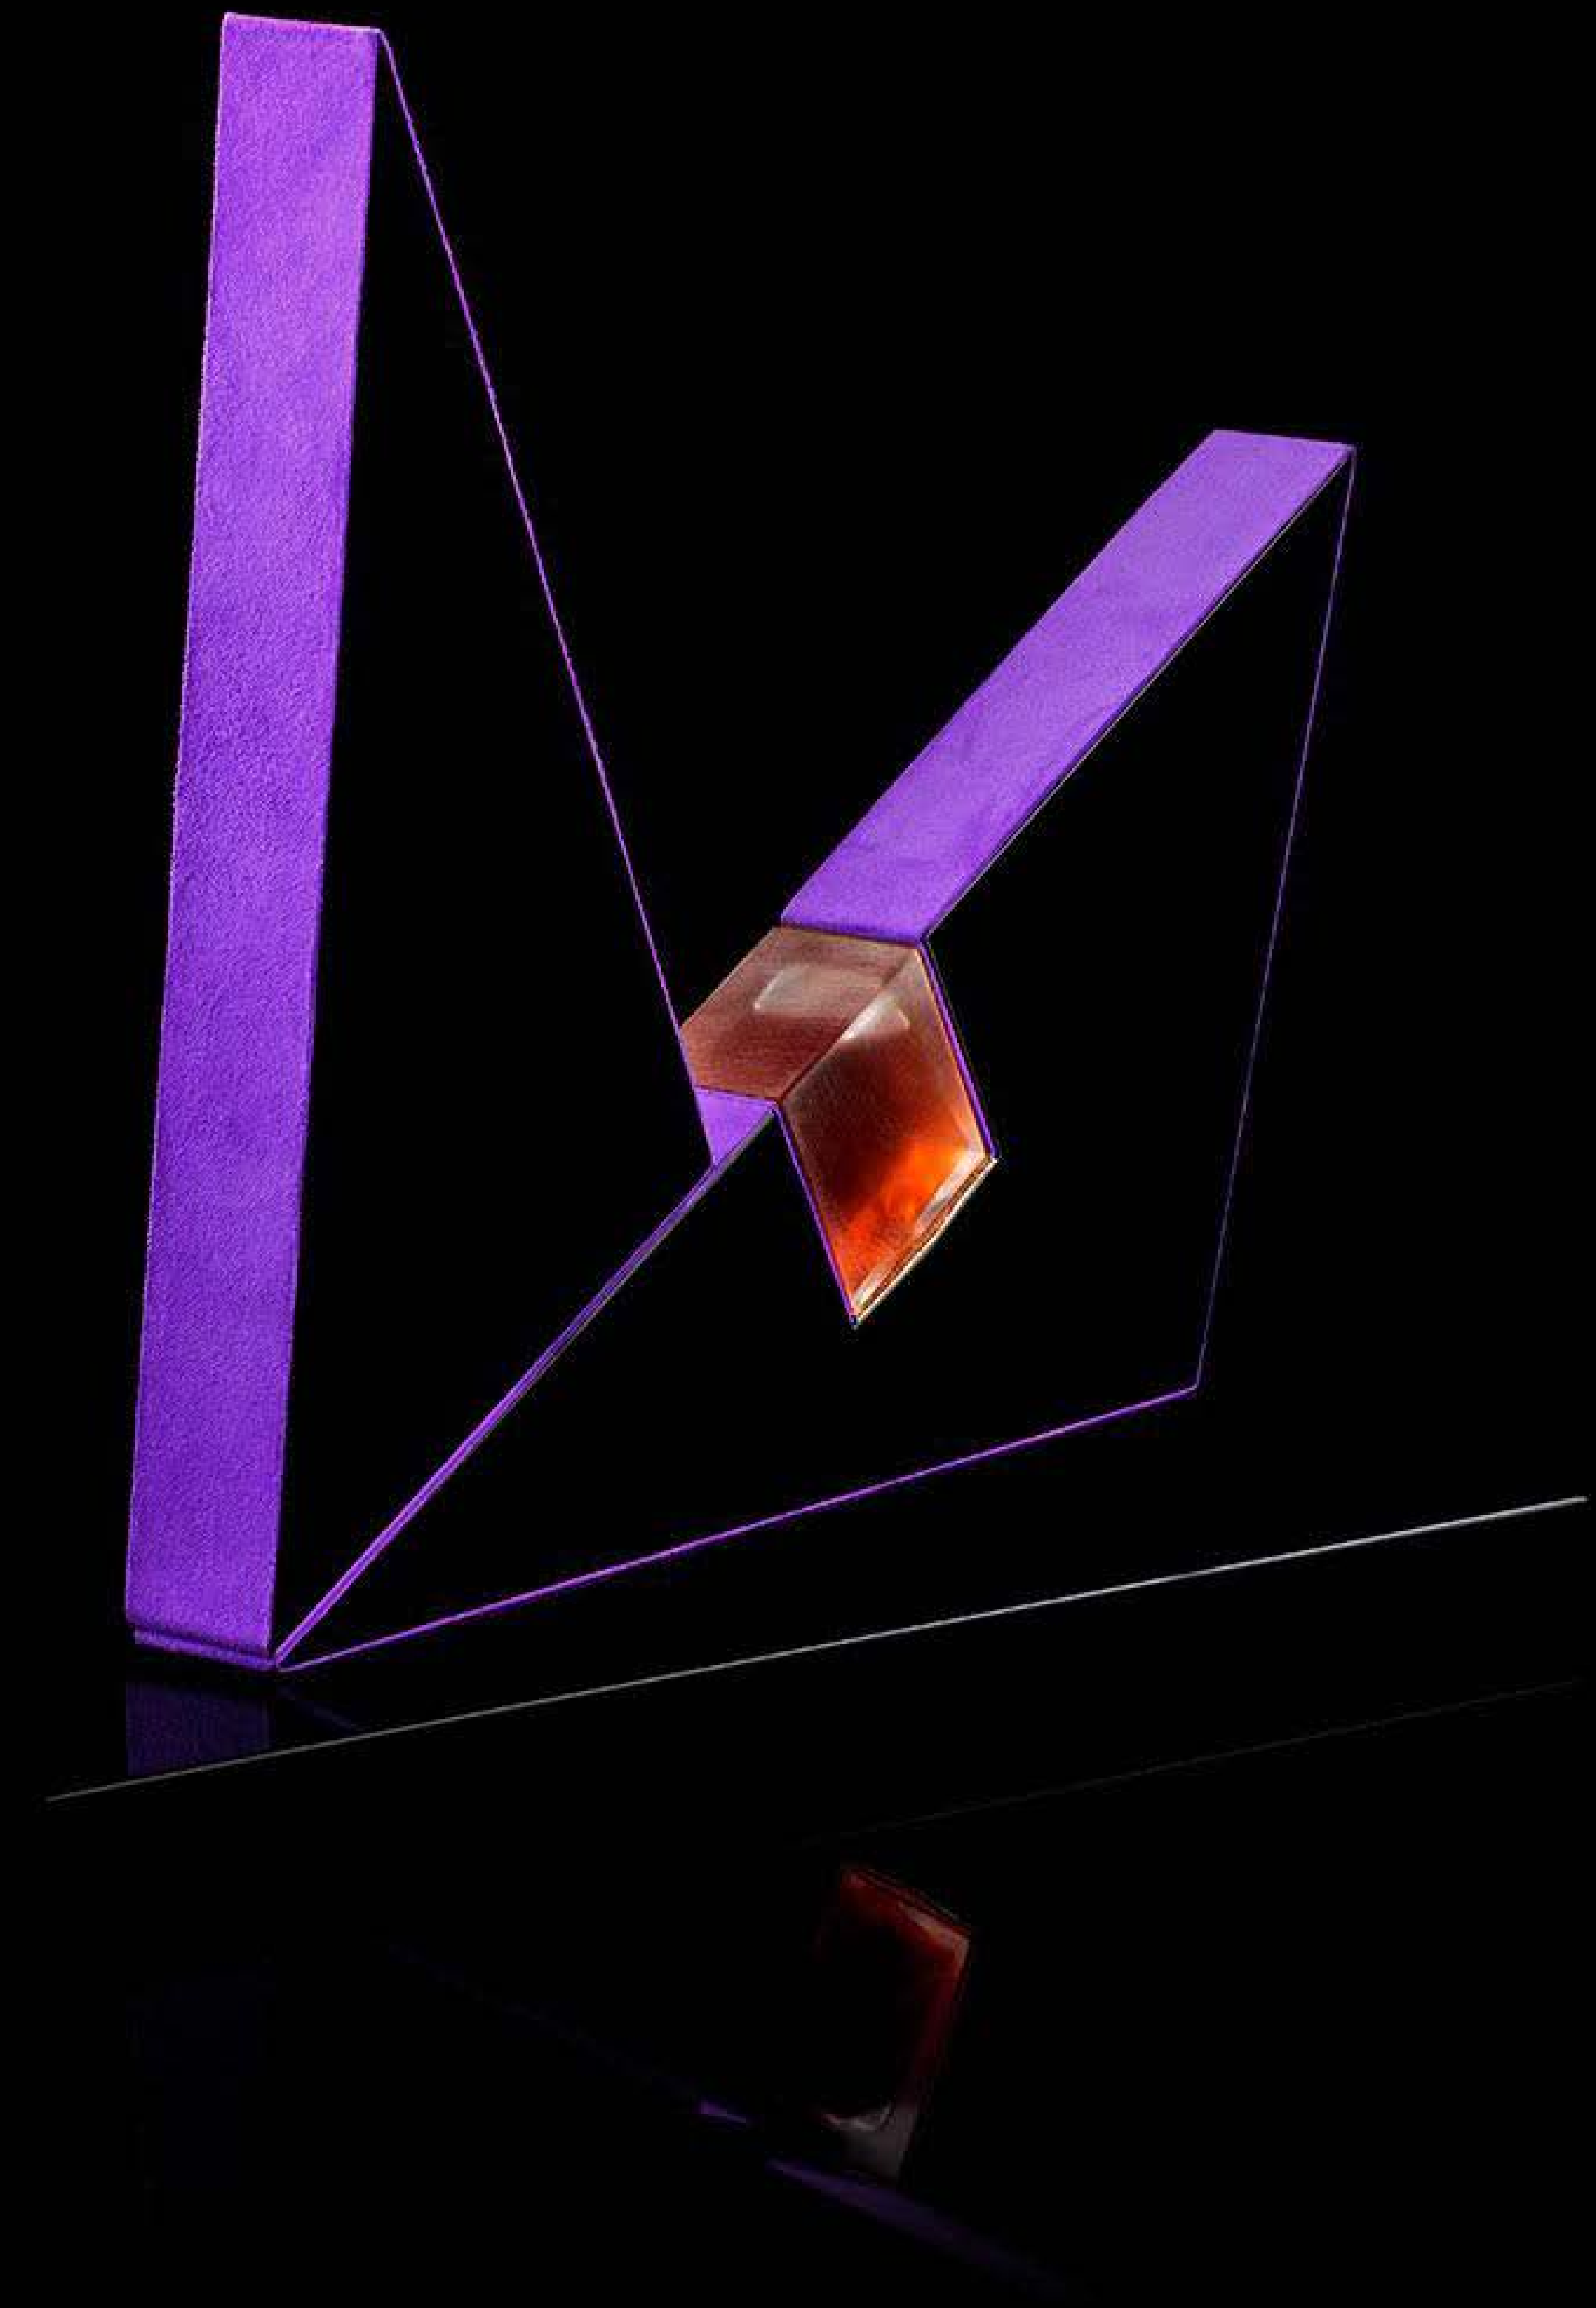

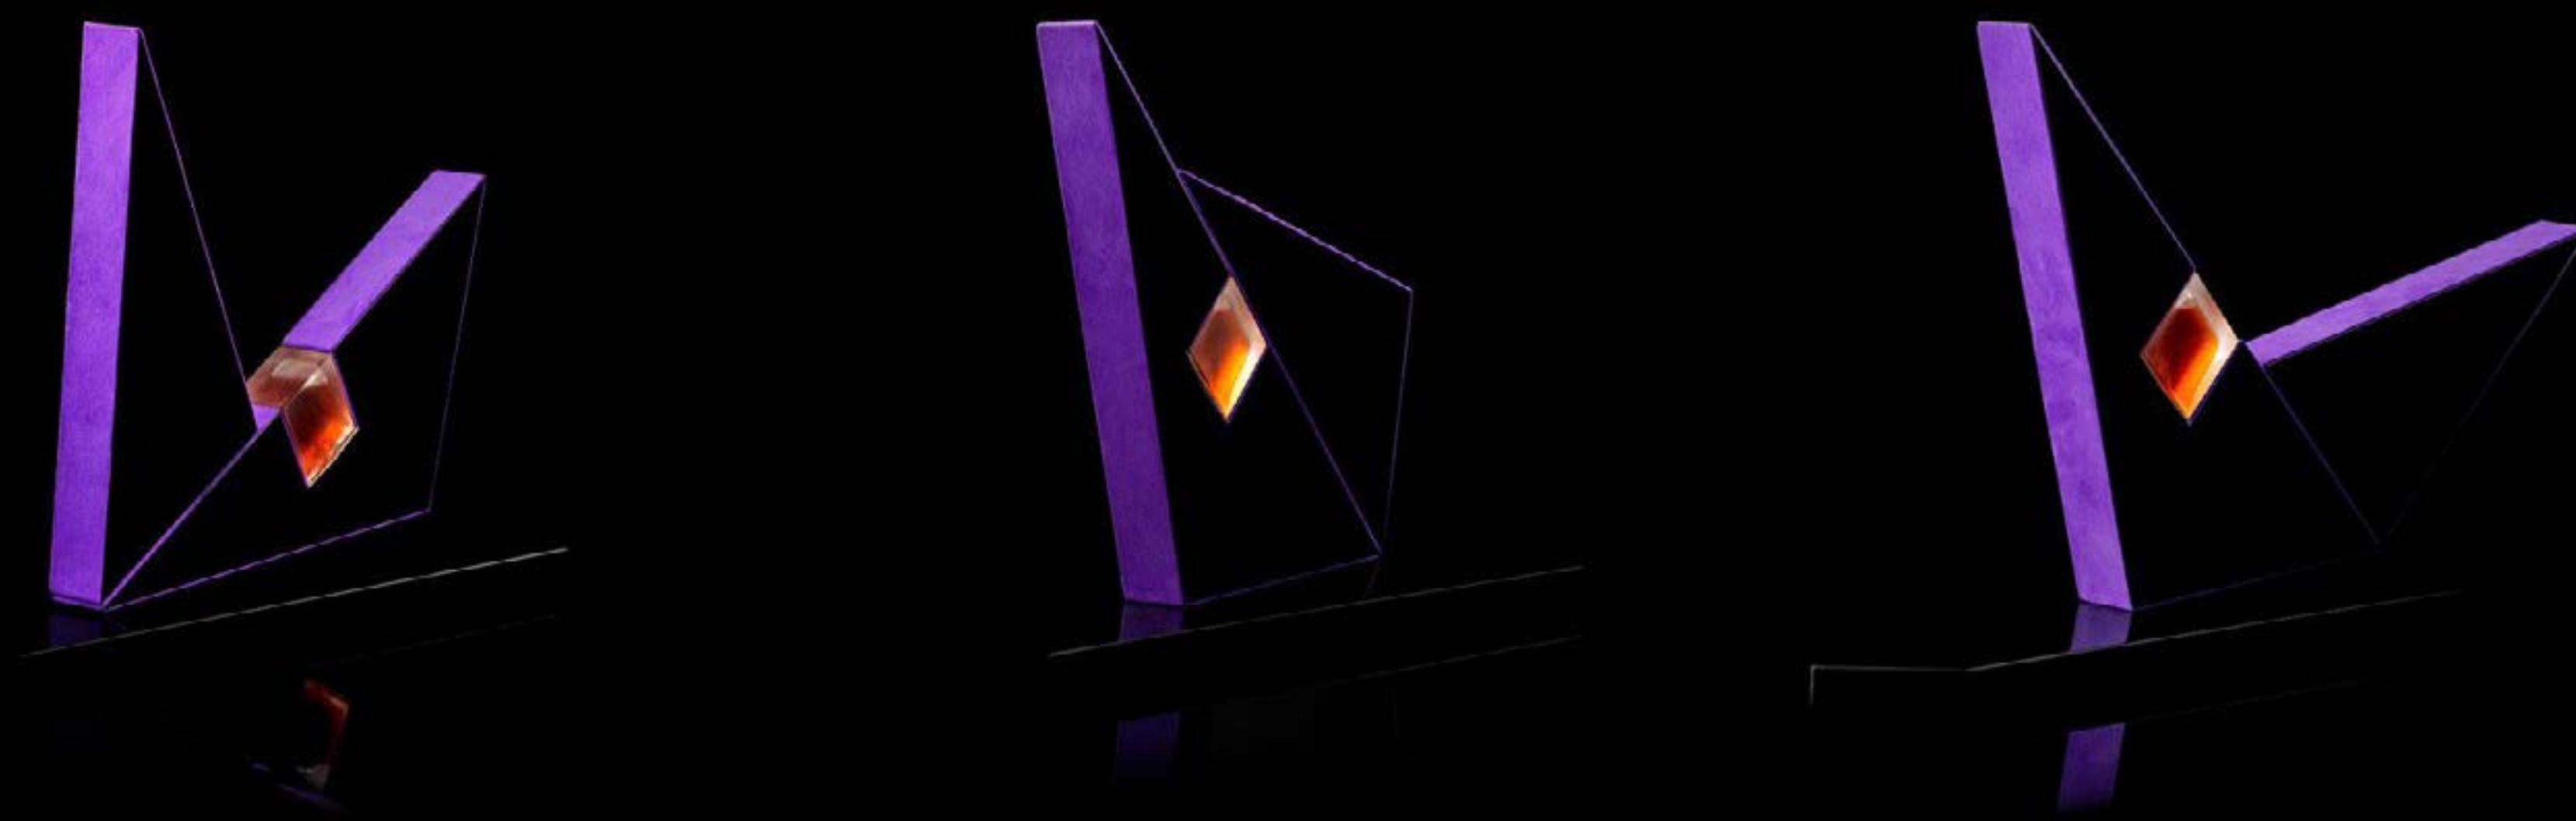

Freedom and hedonism are at the heart of Equilibrium IV. A fresh, almost oceanic breeze of myrtle and bergamot opens up the senses, giving way to the bounty of cyclamen, ylang-ylang, acacia and coconut. White musk and patchouli follow to highlight the feeling of a delightful, intimate journey.

# Equilibrium V

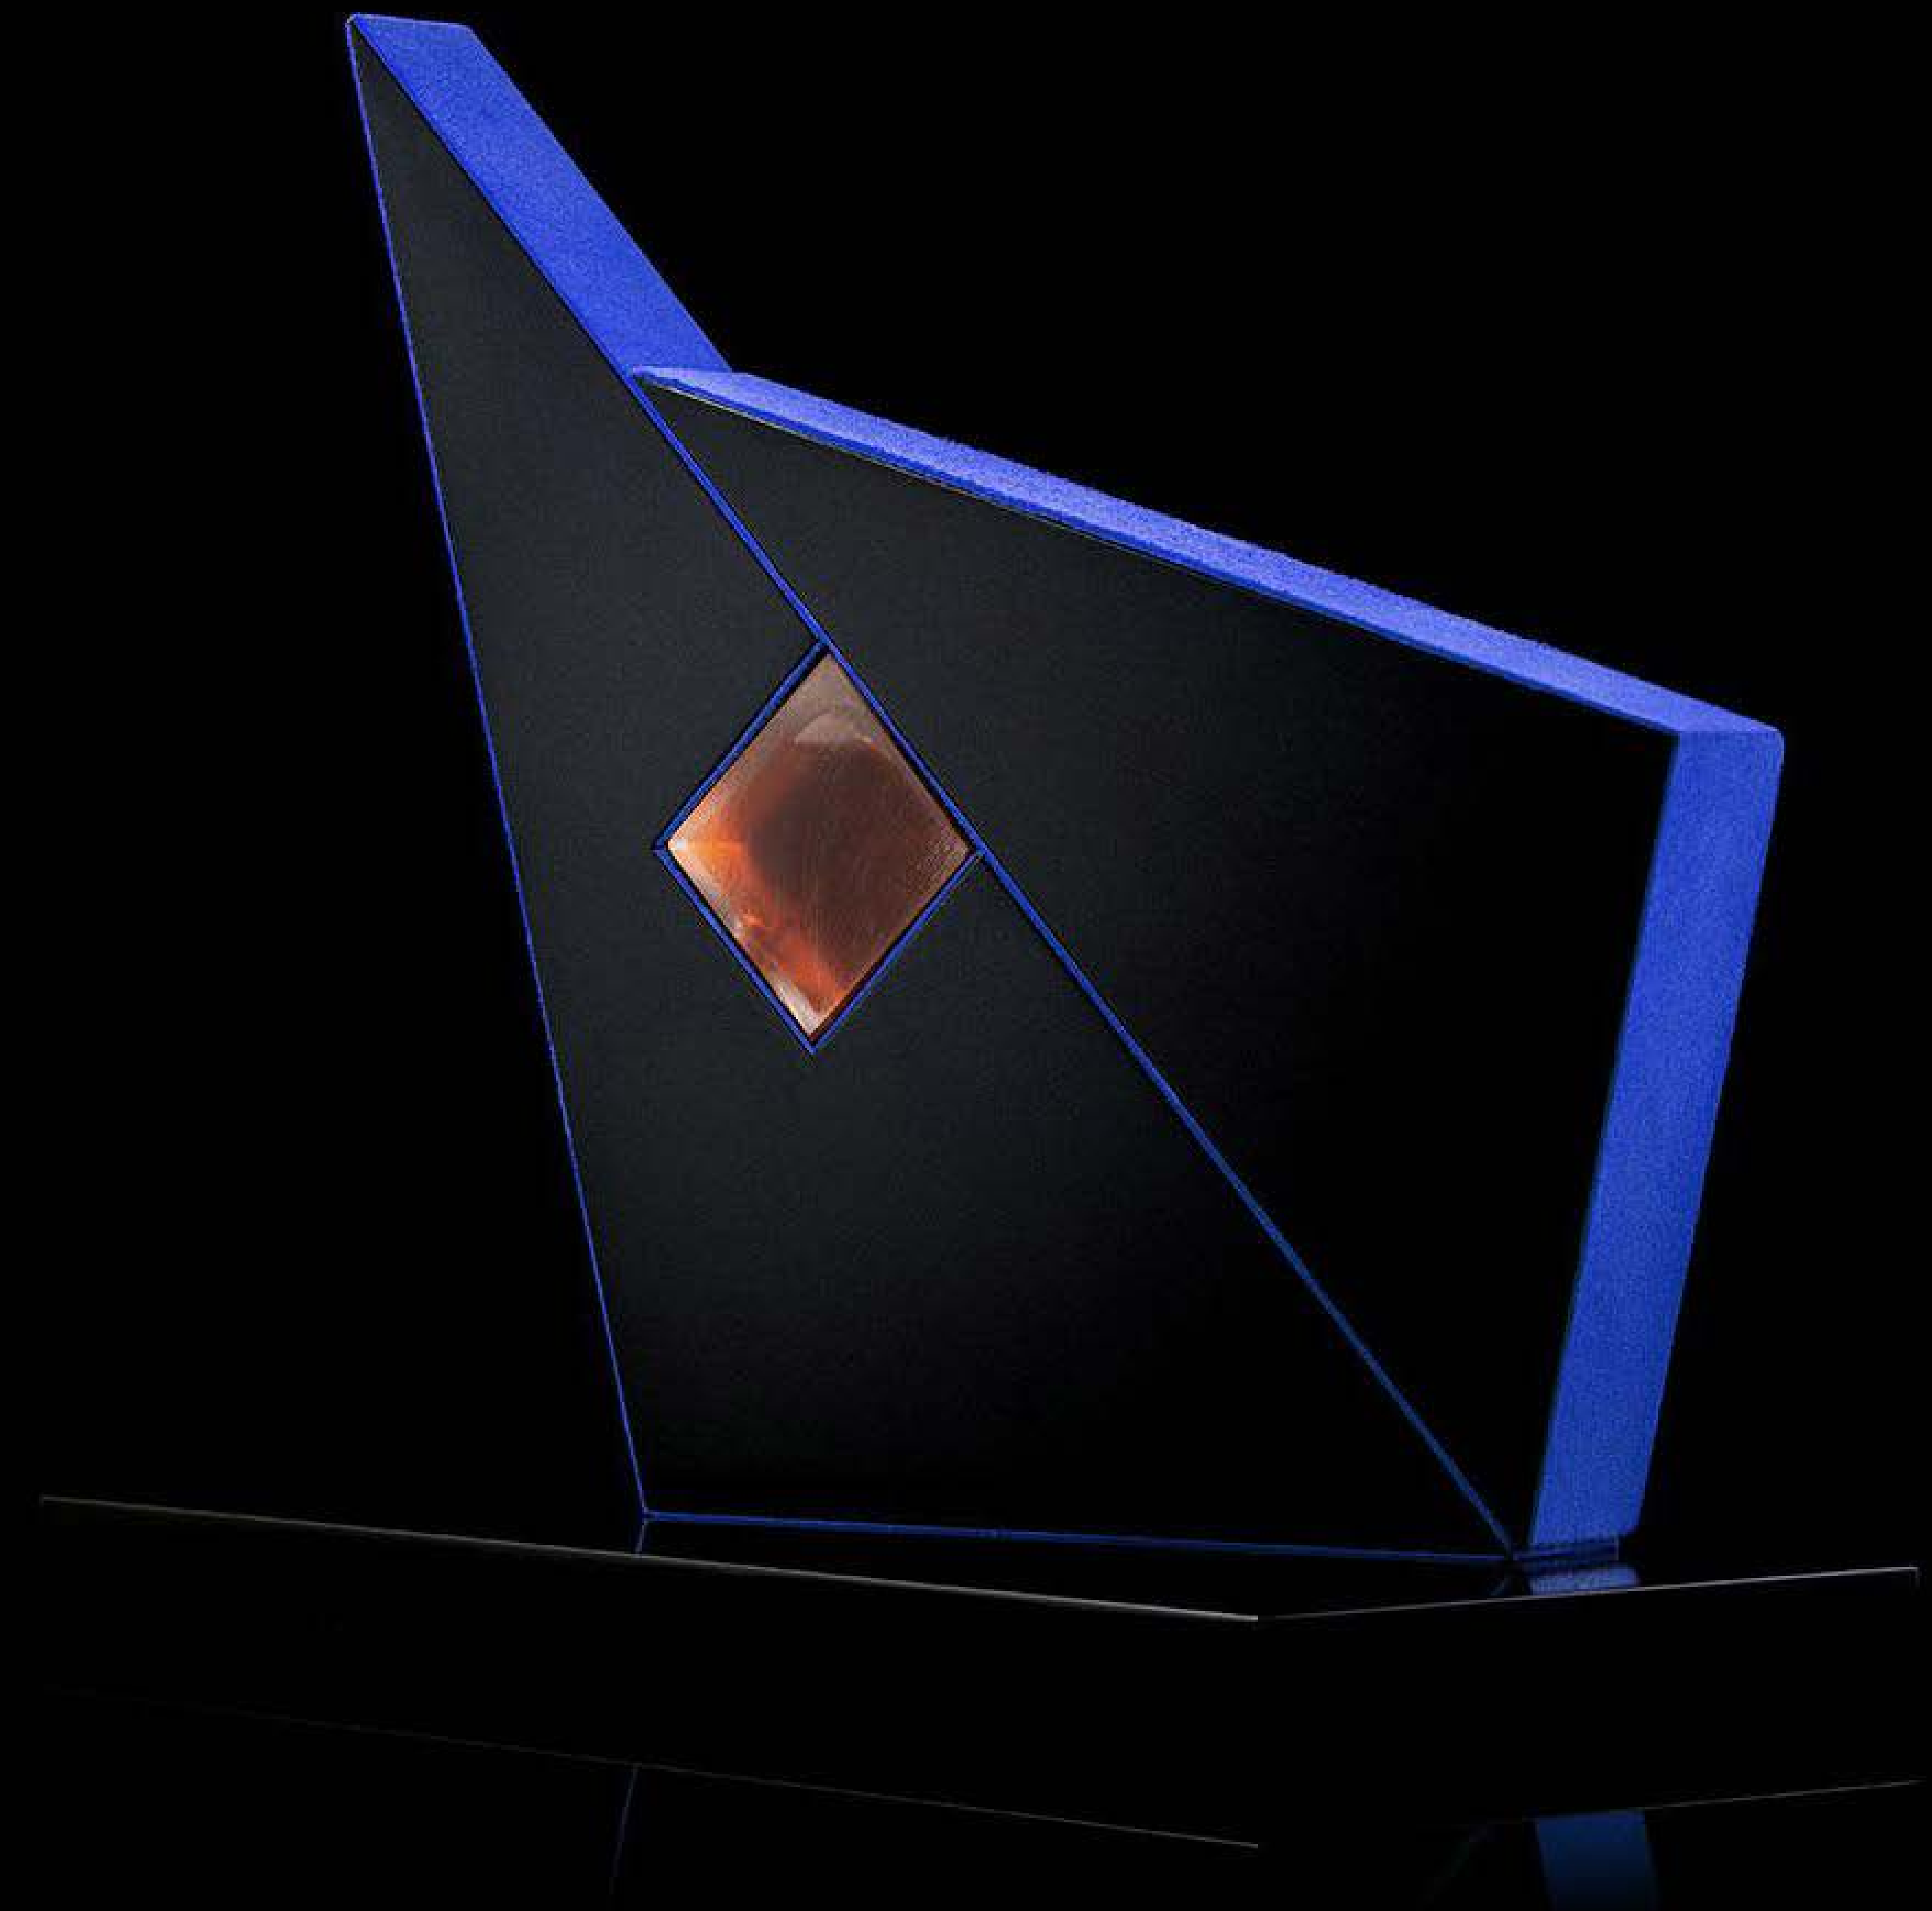

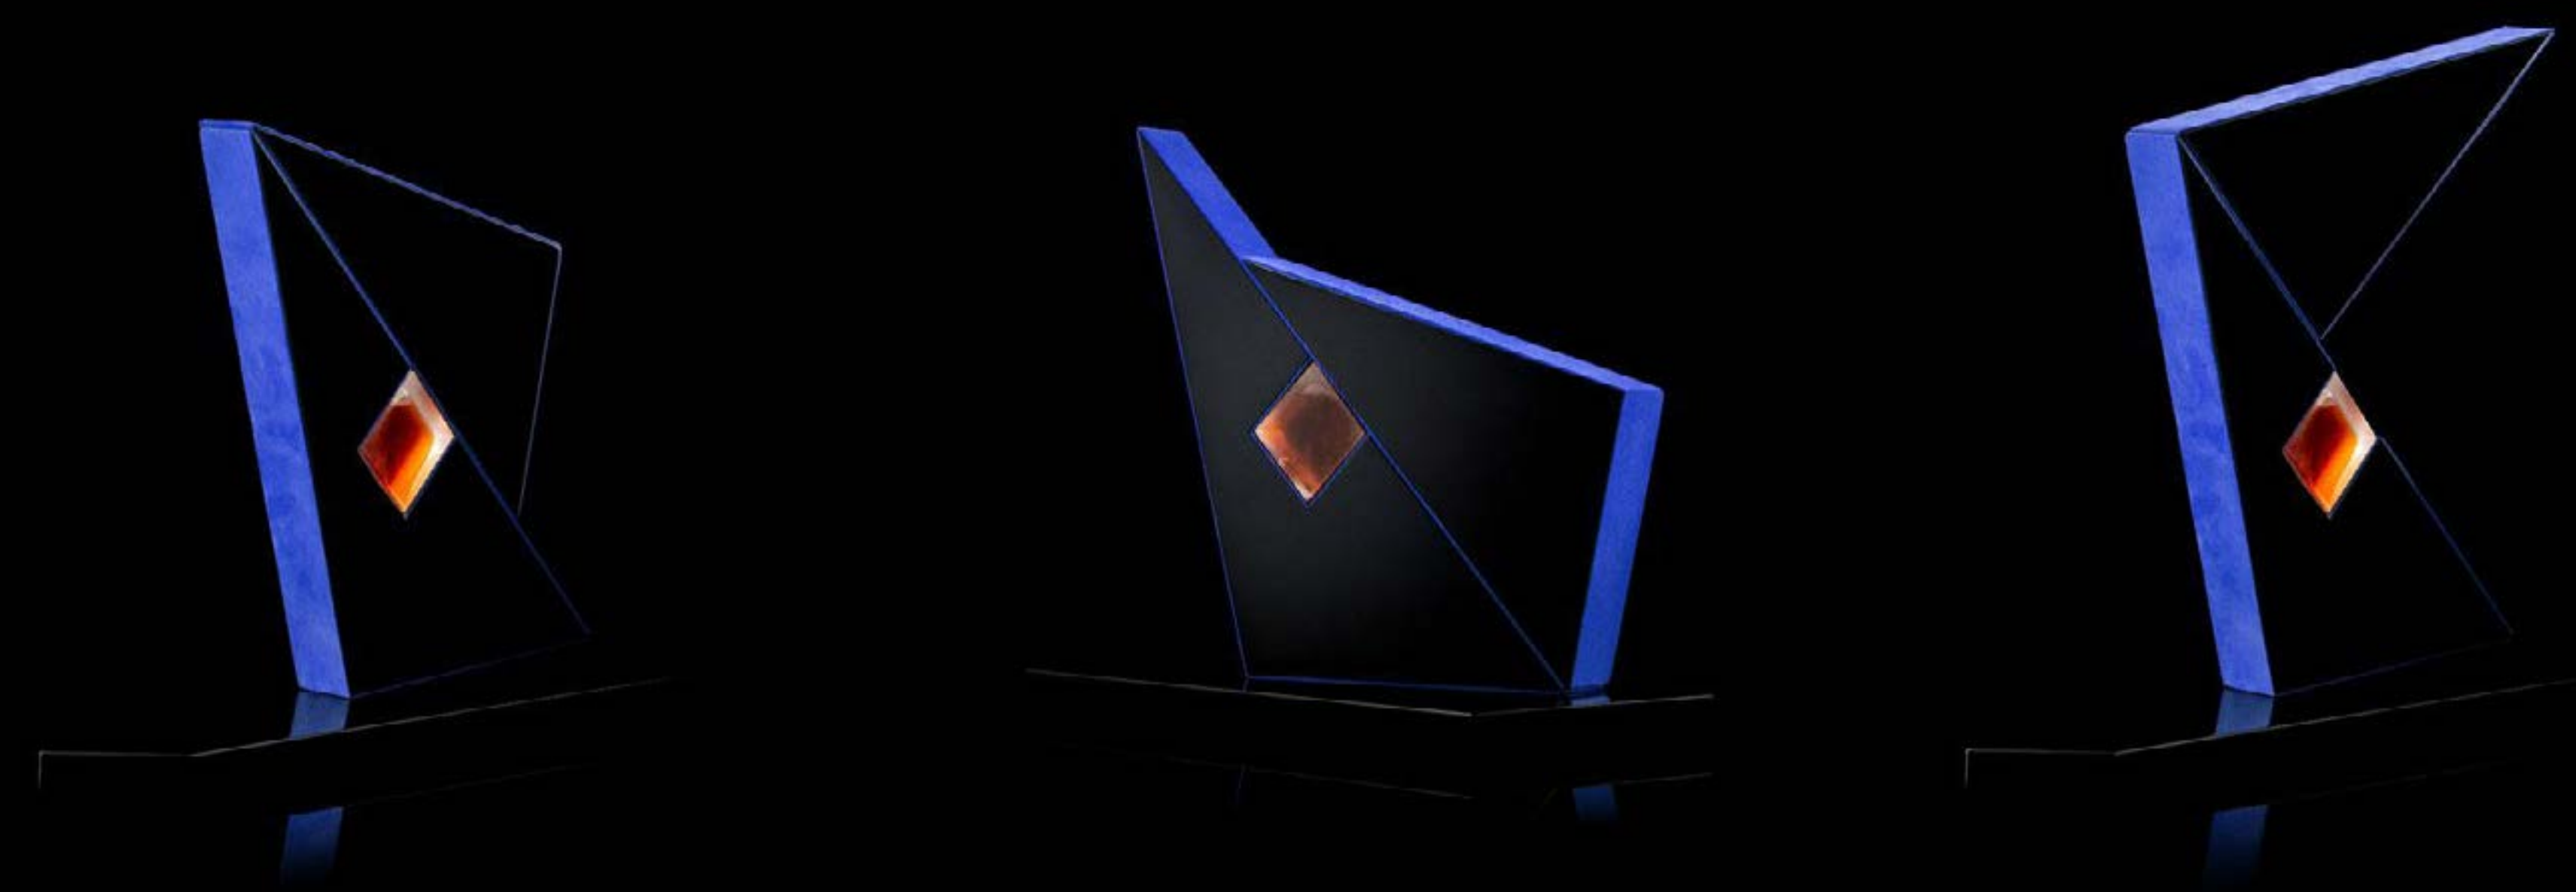

Equilibrium V never goes unnoticed. Daring from the first notes of ginger, cinnamon and carnation, it unwinds with tobacco, coriander and wood. Provocation at its best, accentuated with tonka bean and vanilla. For unforgettable appearances.

# Equilibrium VI

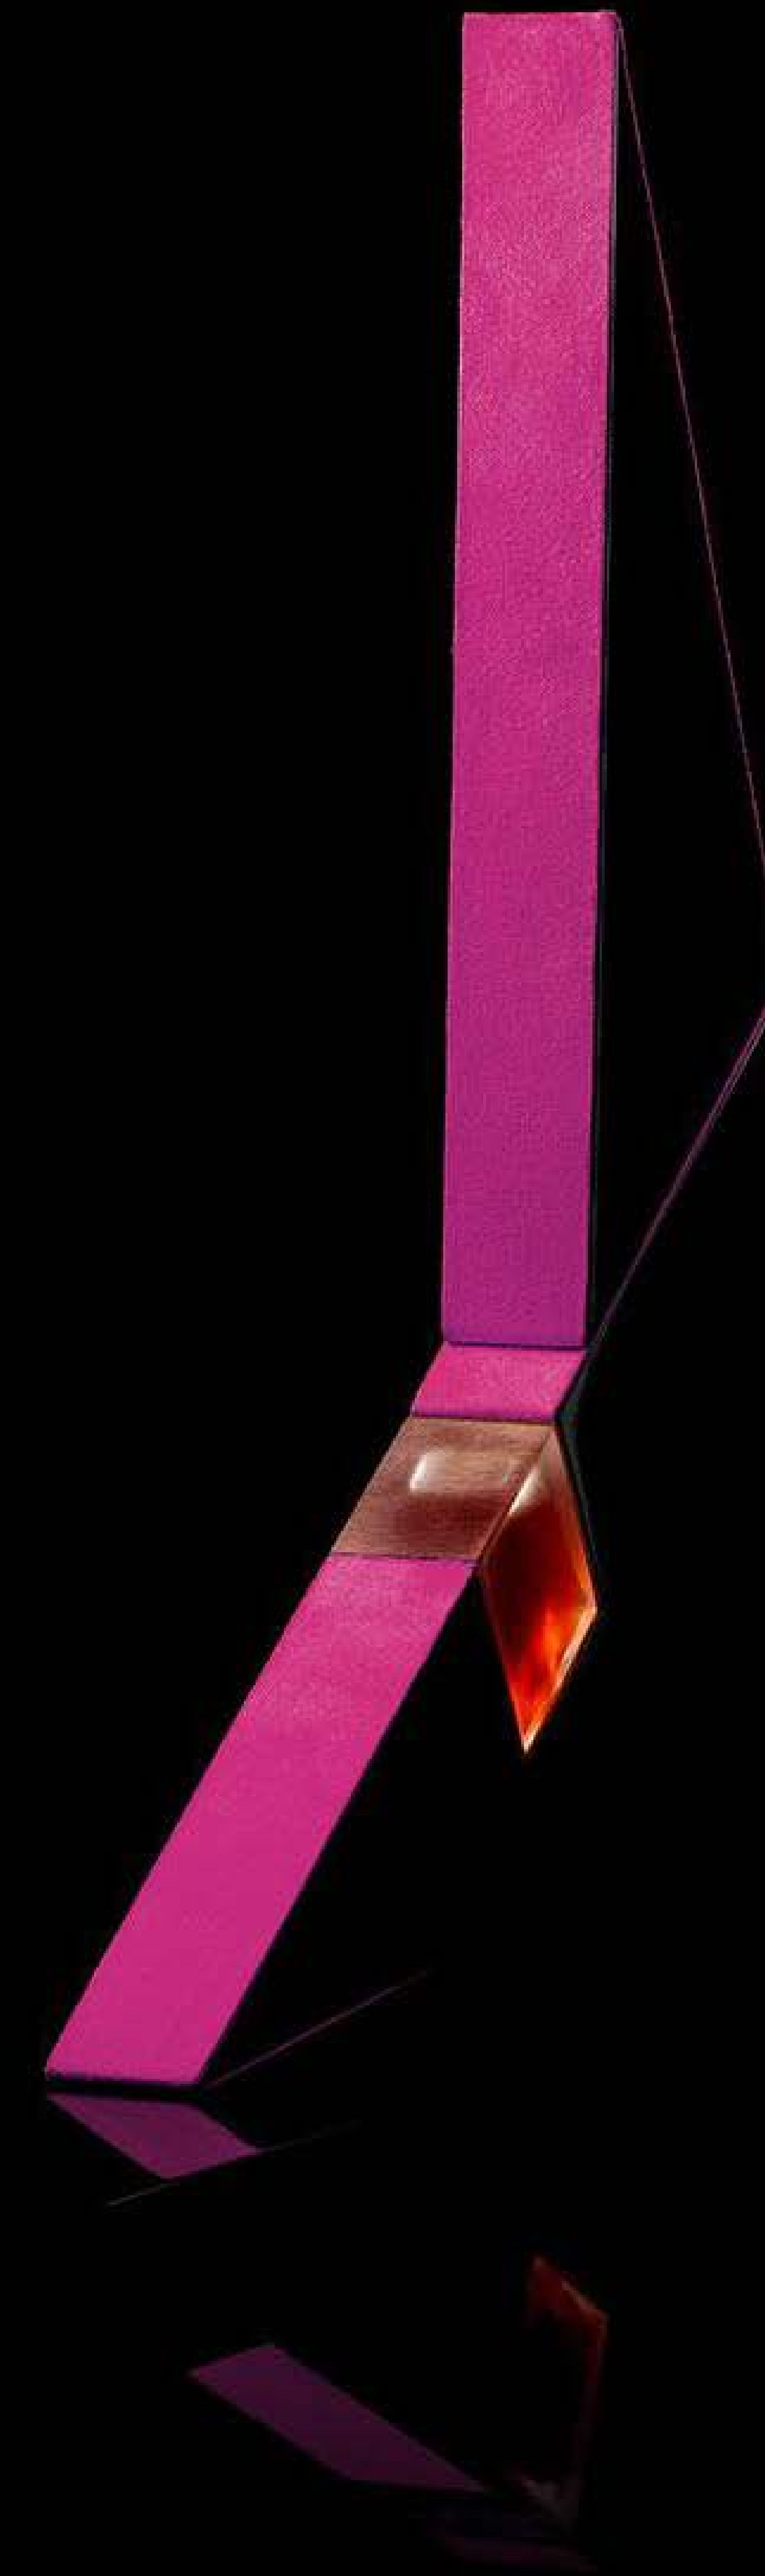

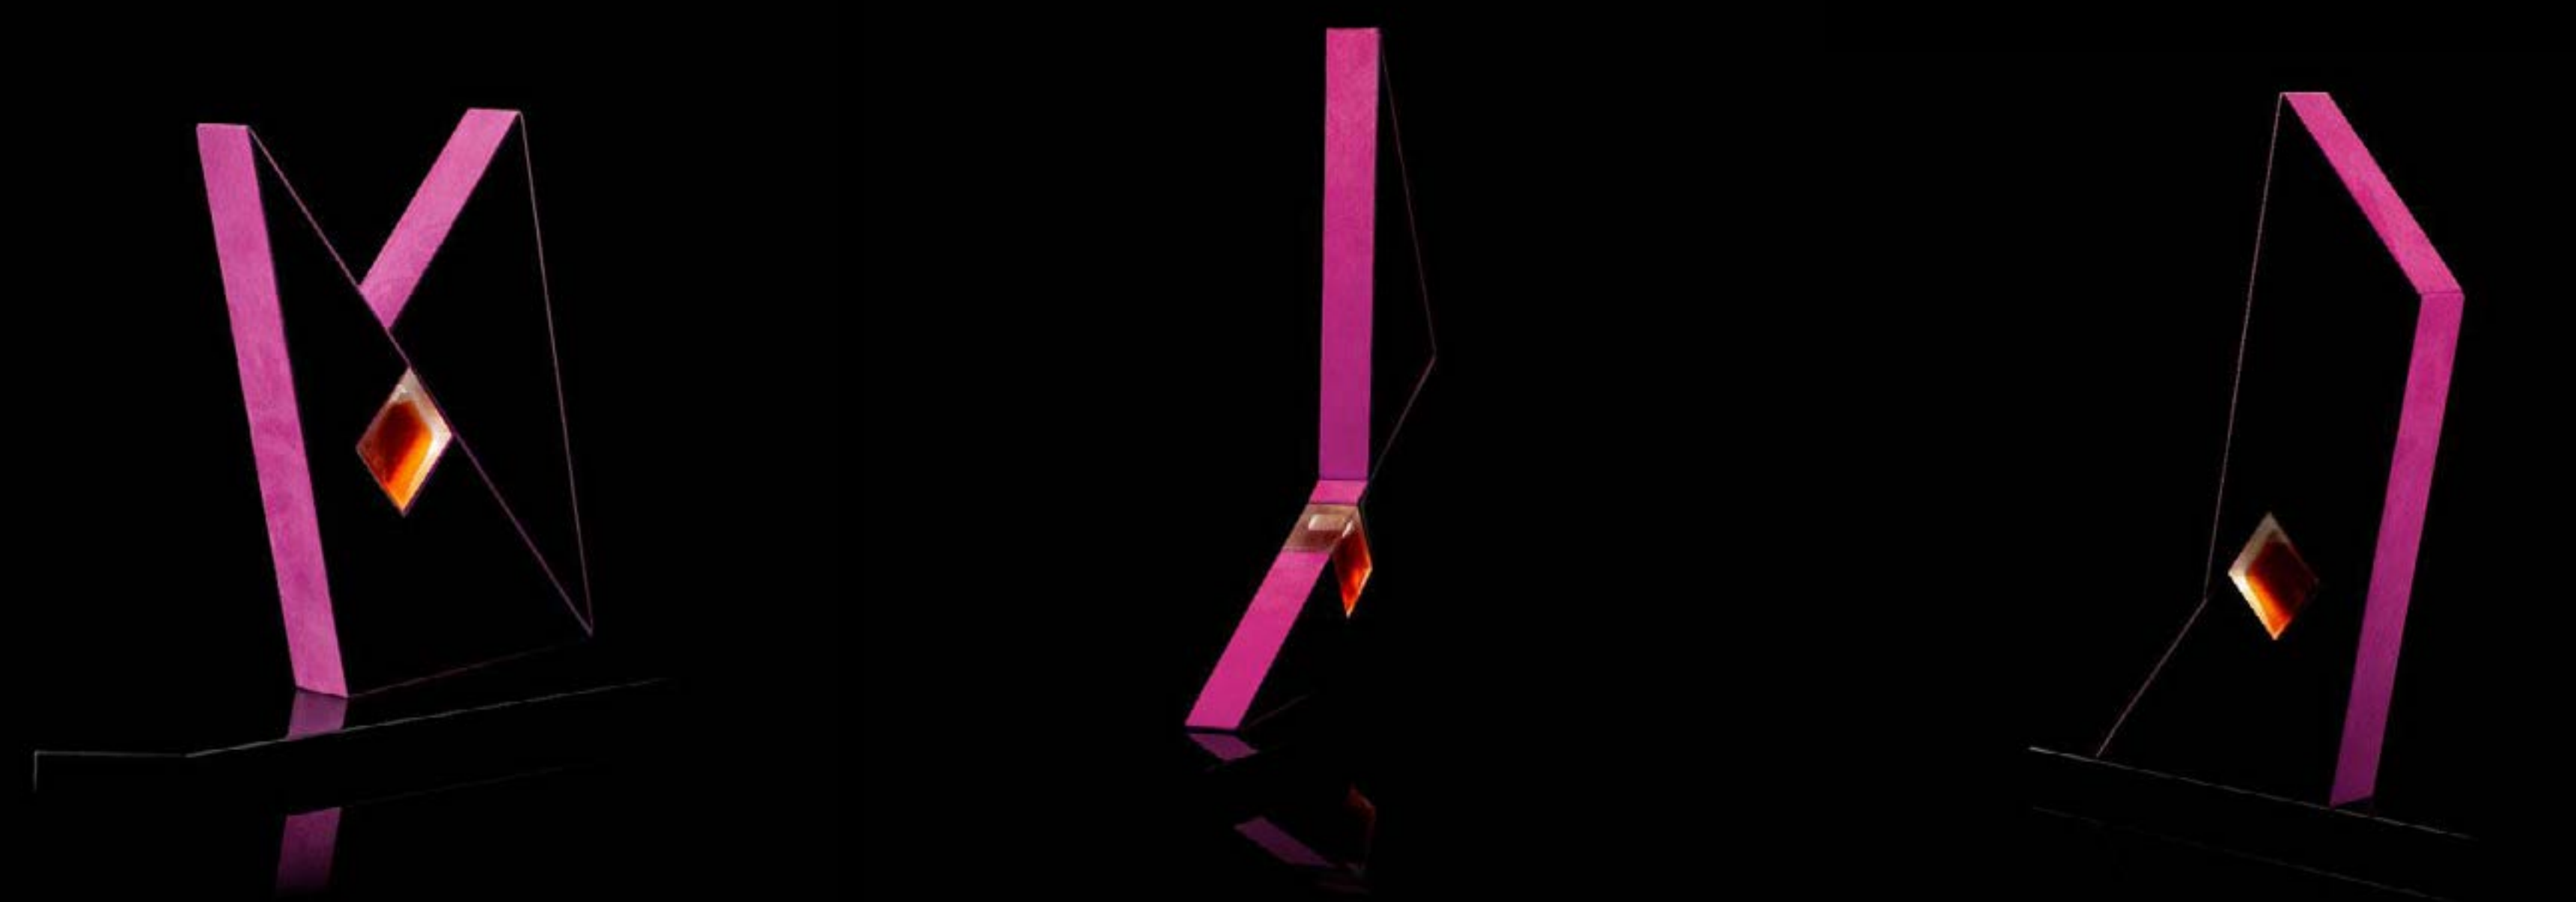

Refinement par excellence: Equilibrium VI. Deep yet noble aromas of cardamom, black pepper, rosewood and saffron pave the way for powerful sandalwood and vetiver, softened with vanilla and ambergris. A strong personality with exquisite manners. It is self-sufficient, but makes an indelible impression.

# Equilibrium VII

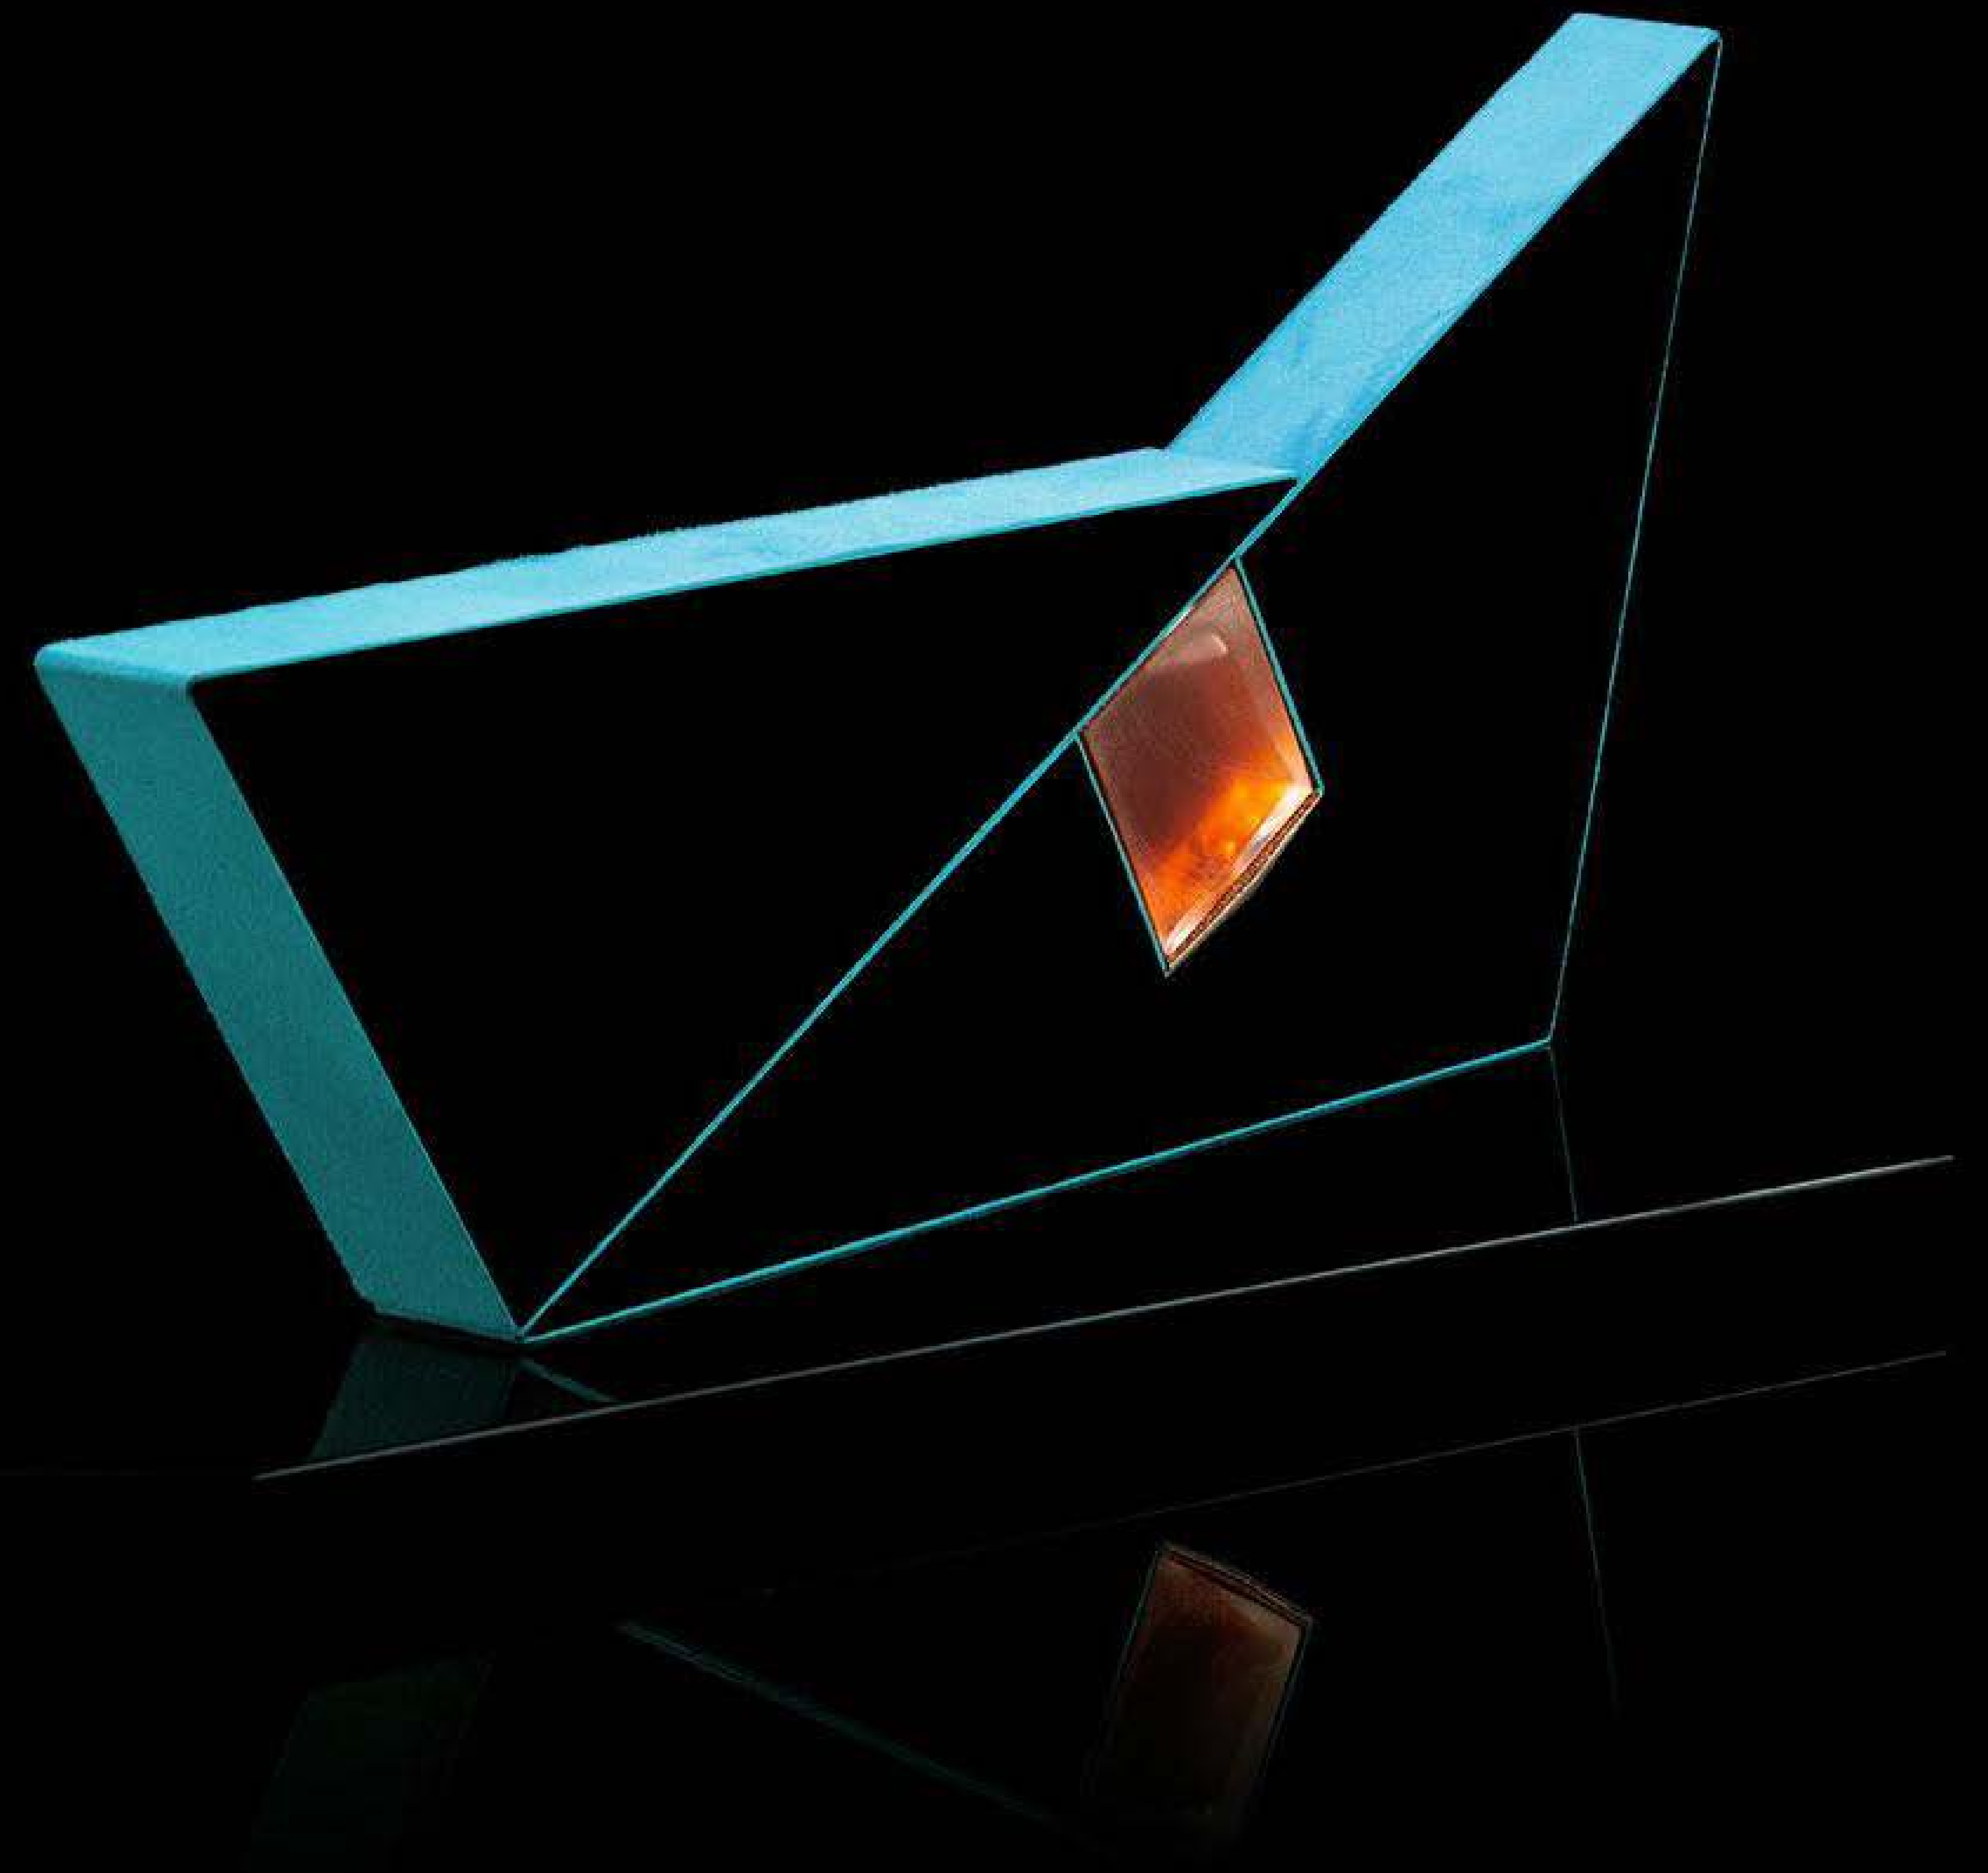

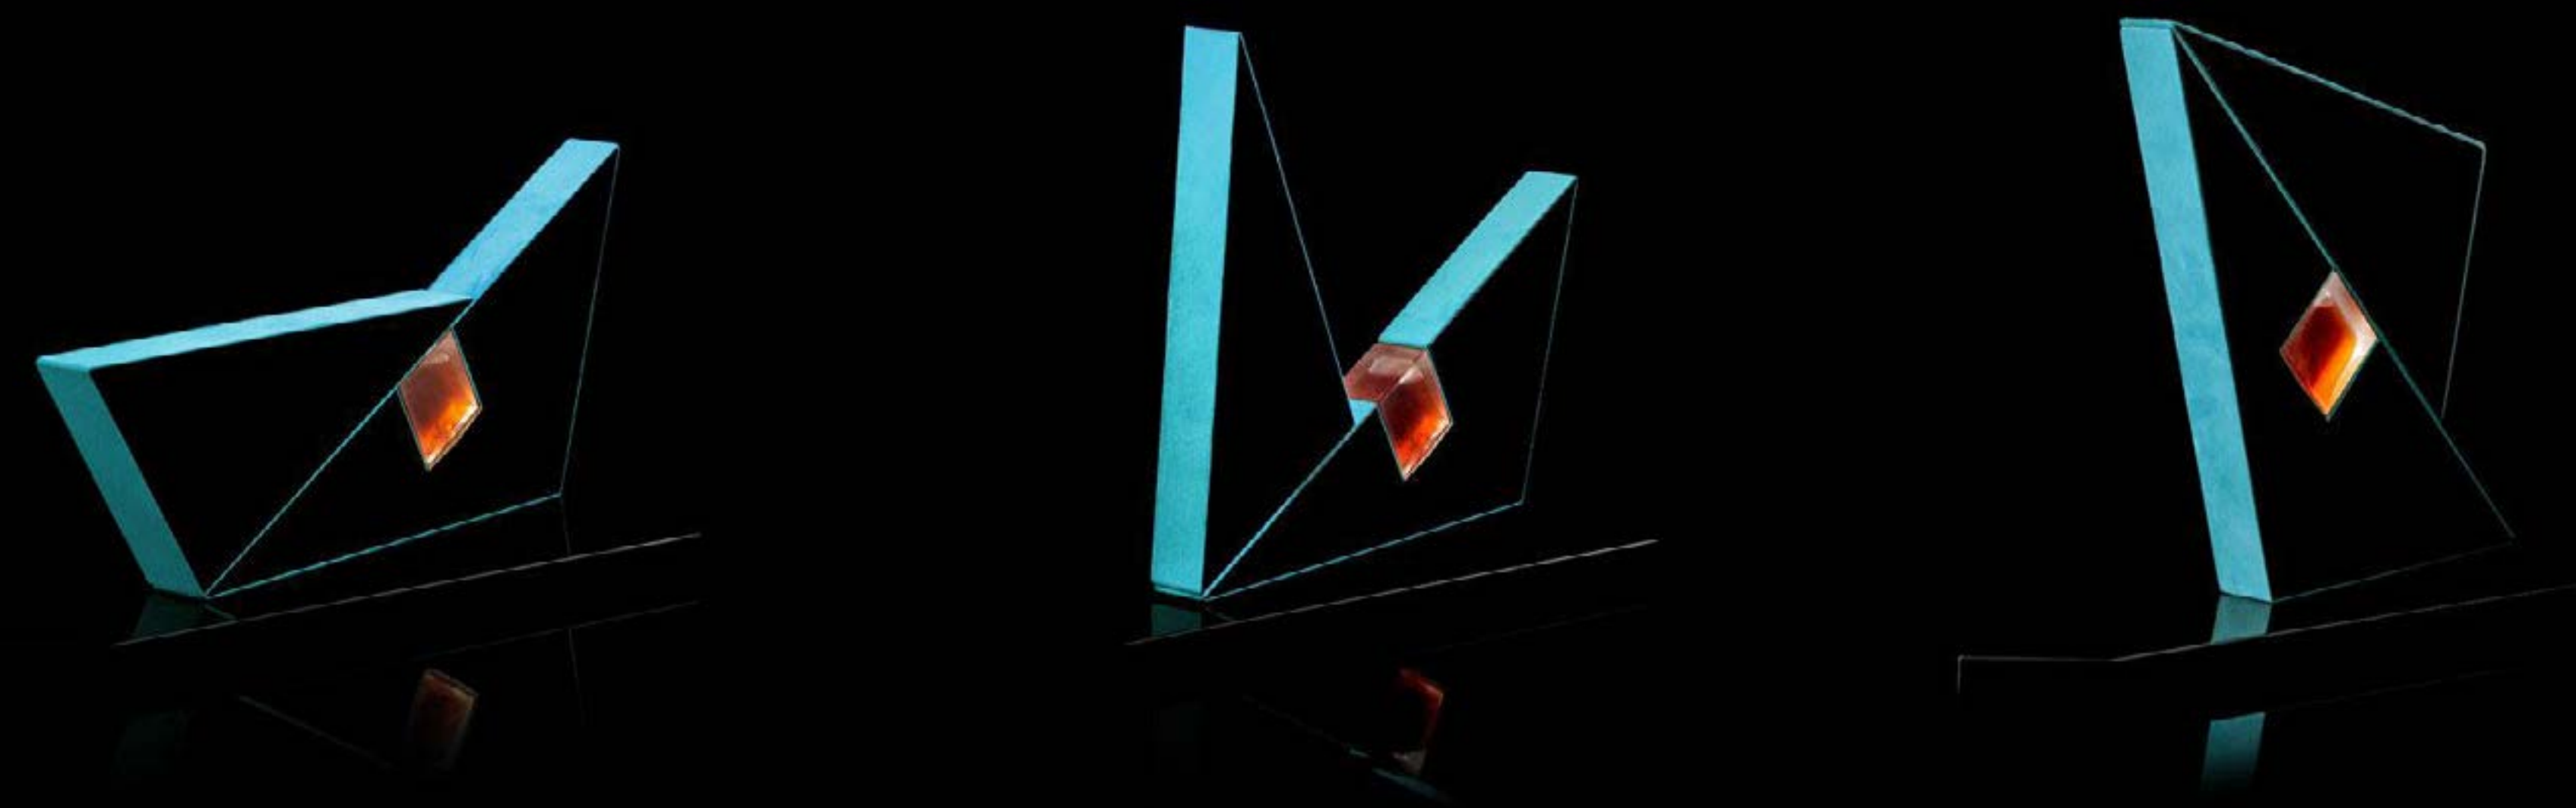

Equilibrium VII is the quintessence of energy. Scintillating with notes of lemon and pink pepper, it radiates like the personality of its owner. Flirty, but complex: magnolia, bergamot and patchouli lay on a base of wood and musk to reflect depth and sophistication, blending lightness and unmatched style.

# Equilibrium VIII

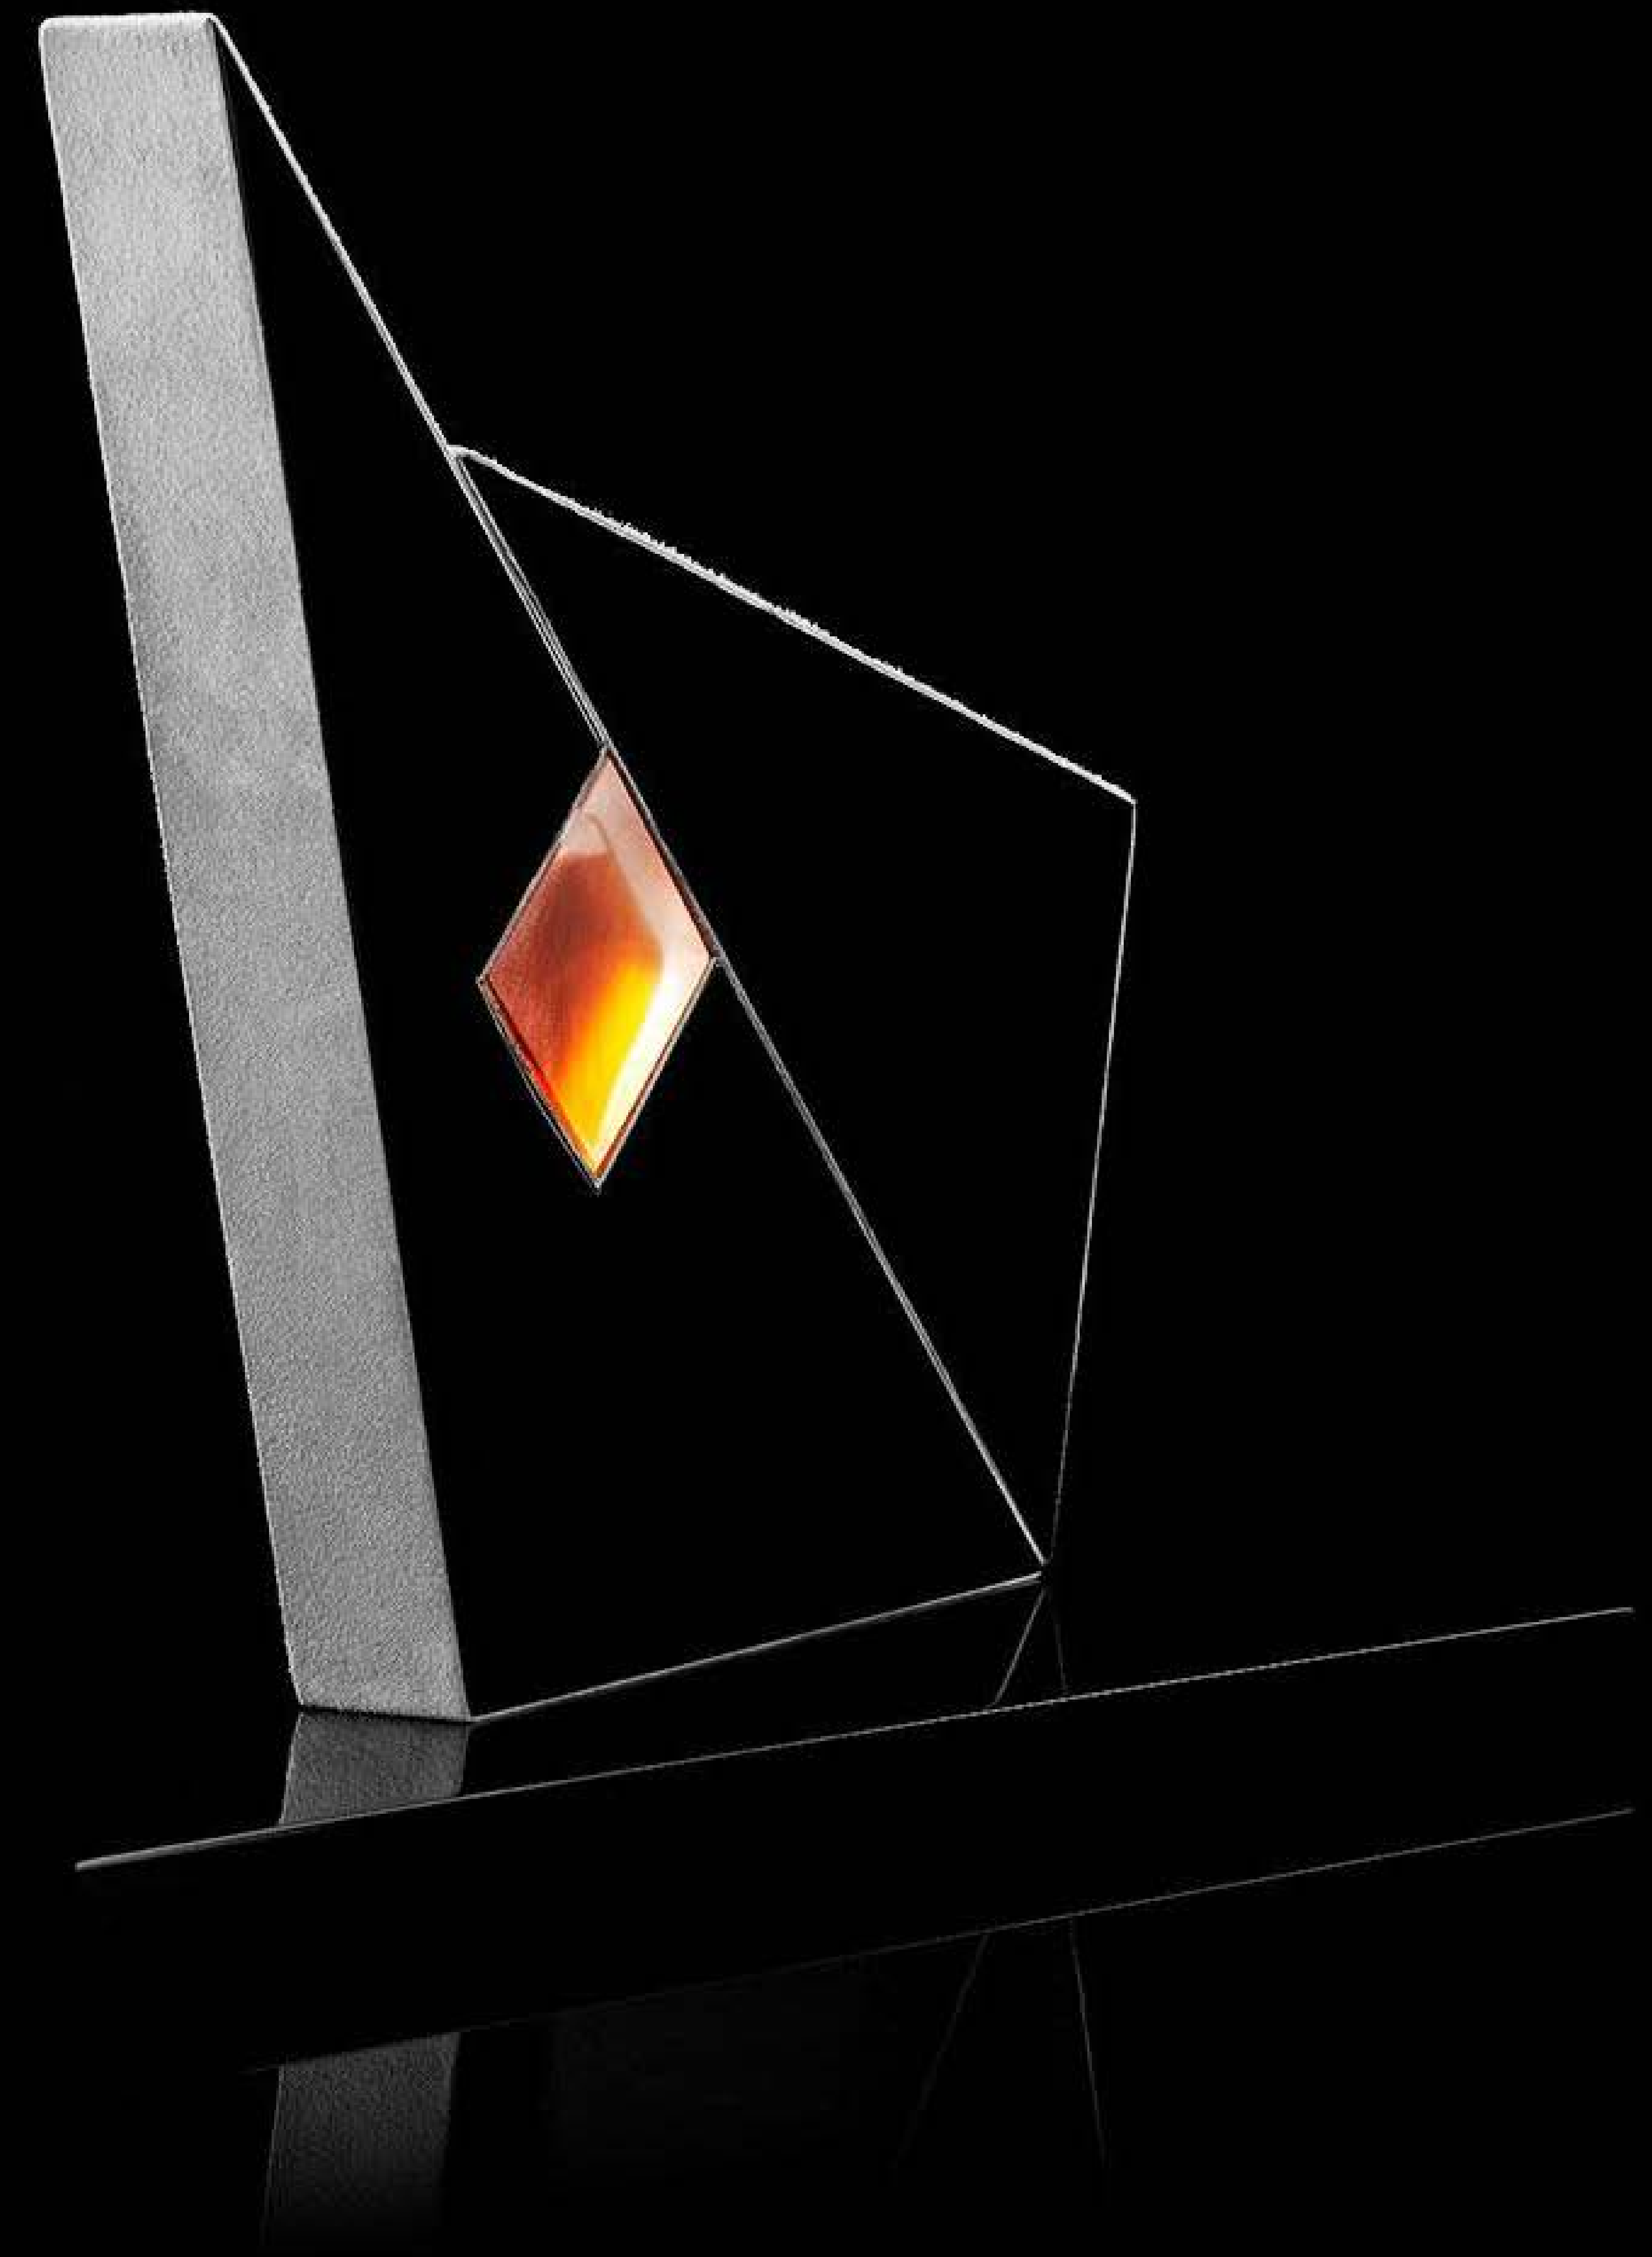

I am conscious of my perfection: Equilibrium VIII complements an independent, refined personality. Artemisia and damask rose combine with violets into an intriguing flair, tempered with patchouli, ambergris and musk. Relaxing, unequivocal, unique in its versatility. A slow pleasure for connoisseurs.

# Equilibrium IX

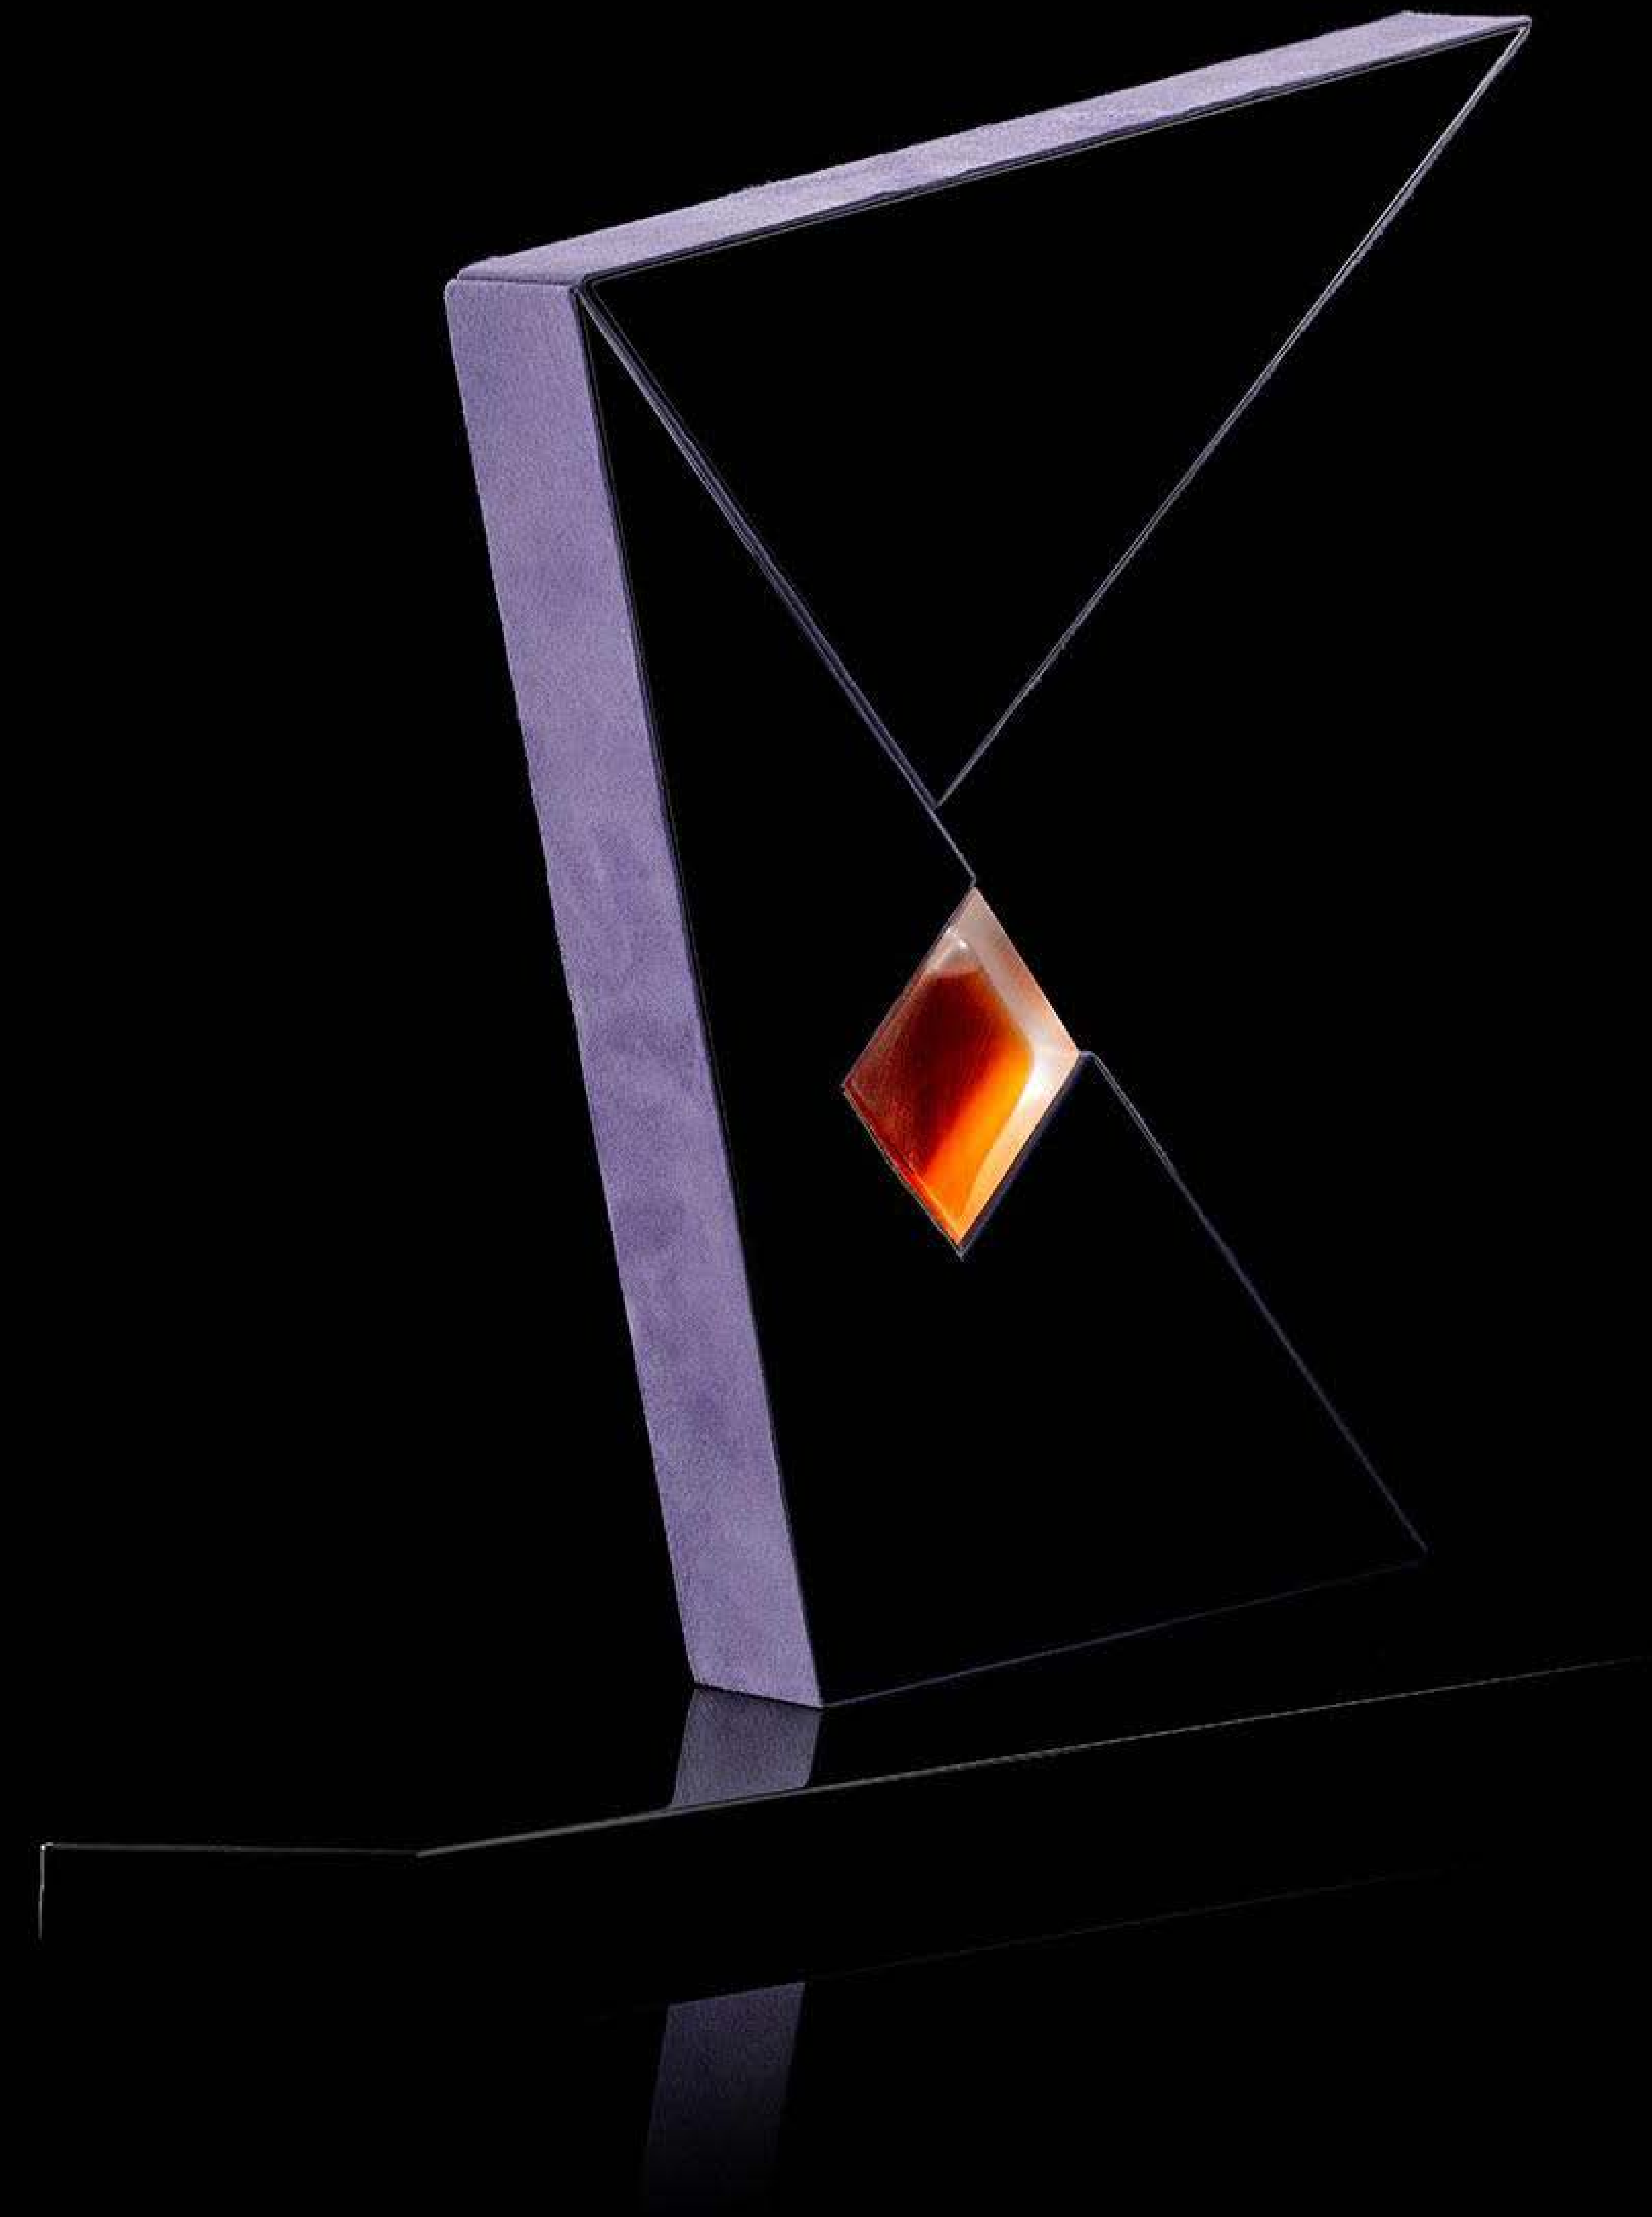

Equilibrium IX is pure joie de vivre. Flirting with narcissus, mandarin, orange and mango, it fascinates with peony, rose, osmanthus, with a hint of pink pepper... showing its true depth with patchouli, white musk and ambrette. Excitement and lightness, celebration of life. An olfactory mischief.

# Equilibrium X

True luxury is timeless, so is Equilibrium X. Tailored for strong, magnetic personalities, it charms with scents of bergamot, pink pepper, tuberose and ylang-ylang. Drawn by their sweetness, you will fall into captivity of musk, sandalwood, vetiver and patchouli. The benchmark of noble finesse.
